

# PLATED 38/357 CALIBER (0.357") BULLETS - BERRYS MANUFACTURING 38/357 (.357") 125GR FLAT POINT 250/BOX

[Reloading](#) > [Bullets](#) > [Pistol Bullets](#)

Berry's lead bullets are totally enclosed in 100% pure copper plating to cut down on airborne lead and reduce fouling, while costing much less than jacketed projectiles. Each bullet is swaged to size and weight, plated, and then swaged again to the specified diameter. Suitable for all standard pistol velocities.

# Safety Instruction Guide for PLATED 38/357 CALIBER (0.357") BULLETS

## Introduction

Thank you for purchasing the Berry's Manufacturing PLATED 38/357 CALIBER (0.357") 125GR FLAT POINT bullets. This guide provides essential safety instructions and guidelines to ensure the safe handling, usage, and disposal of these bullets. Adhering to these instructions will help you avoid potential hazards and comply with EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding the use and storage of ammunition.
- Always treat all ammunition as if it is live and ready to fire.
- Store bullets in a cool, dry place, away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized persons.
- Use appropriate protective equipment, such as safety glasses and hearing protection, when handling or using bullets.
- Regularly check for any signs of damage or corrosion on the bullets before use.
- In case of an emergency or accident, report it to the appropriate authorities immediately.

## Specific Safety Precautions for Use

- Always use the correct firearm that is compatible with .357 caliber ammunition.
- Check that your firearm is in good working condition before loading bullets.
- Never exceed the recommended loads specified by the firearm manufacturer.
- Avoid using bullets that show signs of damage or deformation.
- Do not attempt to modify or alter the bullets in any way.
- Always follow the manufacturer's instructions for loading and firing.
- Ensure that the area is clear of bystanders and that you have a proper backstop when firing.
- In the event of a misfire, follow the recommended procedures for clearing the firearm safely.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary equipment, including your firearm, ammunition, and protective gear.
- Ensure that your shooting area is safe and free from distractions.

### 2. Loading the Firearm

- Open the action of your firearm according to the manufacturer's instructions.
- Load the bullets into the magazine or cylinder as specified in your firearm's manual.
- Close the action securely before proceeding.

### 3. Firing

- Aim the firearm at the designated target, ensuring a clear line of sight.
- Keep your finger off the trigger until you are ready to fire.
- Squeeze the trigger smoothly to fire the bullet.

### 4. PostFiring

- After firing, always keep the firearm pointed in a safe direction until you are ready to unload.
- Follow the manufacturer's instructions for unloading the firearm safely.

## **Disposal Instructions**

- Do not dispose of bullets in regular household waste.
- Check local regulations for proper disposal methods of ammunition.
- Contact a local waste management authority or firearms dealer for guidance on safe disposal options.
- If you have any unused or damaged bullets, do not attempt to disassemble them. Follow the recommended disposal procedures.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the PLATED 38/357 CALIBER (0.357") bullets, please refer to the manufacturer's official contact points. Ensure that you have the product information and any relevant details ready when reaching out for assistance.

## **Conclusion**

By following the safety instructions outlined in this guide, you can ensure a safe and effective experience with the Berry's Manufacturing PLATED 38/357 CALIBER bullets. Always prioritize safety and stay informed about any updates or recalls related to this product. Thank you for your attention to these important safety guidelines.
