# Safety Instruction Guide for DIAL CALIPERS STEEL DIAL CALIPERS WITH CASE

## Introduction

Thank you for choosing Hornady's Dial Calipers. This product is designed to provide precise measurements for various applications, including case and bullet length, inside and outside diameters, primer pocket depth, and overall cartridge length. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the Dial Calipers according to the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the calipers for any damage or defects before use.
- Do not use the calipers for any purpose other than intended measurements.
- If you notice any irregularities during use, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Ensure that the measuring surfaces of the calipers are clean and free from debris before each use.
- Avoid applying excessive force when measuring to prevent damage to the calipers or the object being measured.
- Use the calipers in a stable environment to avoid accidental slips or drops.
- Always store the calipers in the provided protective case when not in use to prevent physical damage.
- Be mindful of sharp edges or points when handling the calipers.

## Instructions for Installation and Usage

### 1. Unboxing and Inspection

- Carefully remove the Dial Calipers from the packaging.
- Inspect the calipers for any visible damage or defects.
- Ensure that the protective case is included.

### 2. Using the Dial Calipers

- To measure length:
  - Open the calipers by sliding the jaws apart.
  - Place the object to be measured between the jaws.
  - Close the jaws gently until they make contact with the object.
  - Read the measurement directly from the dial.
- To measure inside diameter:
  - Insert the caliper jaws into the opening of the object.
  - Expand the jaws until they touch the inner walls.
  - Read the measurement from the dial.
- To measure outside diameter:
  - Place the calipers around the object.
  - Close the jaws until they touch the outer surface.
  - Read the measurement from the dial.
- For primer pocket depth and overall cartridge length, follow similar procedures, ensuring the calipers are positioned correctly.

### 3. Cleaning and Maintenance

- Wipe the calipers with a soft, dry cloth after each use.
- Avoid using harsh chemicals or abrasive materials that may damage the finish.

## Disposal Instructions

- Dispose of the Dial Calipers in accordance with local regulations.
- If the product is no longer usable, consider recycling materials where applicable.
- Do not dispose of the calipers in general waste if they contain hazardous materials.

## Contact Information for Further Support

For any safety inquiries or product support, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your Hornady Dial Calipers. Always prioritize safety and report any unsafe conditions to the appropriate authorities. Thank you for your attention to these guidelines.
