

# Holland's Signature Series Scope Levels - HOLLANDS GUNSMITHING 34MM SIGNATURE SERIES SCOPE LEVEL

[Optics & Mounting](#) > [Optic Accessories](#) > [Scope Anti-Cant Devices](#)

Streamlined eye-pleasing appearance blends in perfectly with traditional scope rings while helping to eliminate accuracy-robbing canting errors. Easy-to-see offset level helps you make immediate corrections without taking your eyes off the target. Attaches to your riflescope like a traditional scope ring; halves clamp together with two steel Allen head screws. Aluminum construction, hardcoat anodized, matte black. Reversible design works for left- and right-hand shooters.

# Holland's Signature Series Scope Levels Safety Instruction Guide

## Introduction

Thank you for choosing the Holland's Signature Series Scope Levels. This product is designed to enhance your shooting experience by ensuring accuracy and stability. To ensure your safety and the proper use of this product, please read this guide thoroughly.

## General Safety Guidelines

- Ensure safe use of the product by following all instructions provided.
- Always check the product for damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always verify that the scope level is securely attached to the riflescope before use.
- Avoid using the product in extreme weather conditions, which may affect its performance.
- Do not exceed the recommended tube size of 34mm when using the scope level.
- Be cautious when handling the product to avoid injury from sharp edges or components.
- Ensure that the offset level is clearly visible and functioning before taking aim.

## Instructions for Installation and Usage

### Installation

#### 1. Prepare the Scope Level:

- Remove the scope level from its packaging.
- Inspect for any damage or defects.

#### 2. Attach the Scope Level:

- Position the scope level on the riflescope where it aligns with the scope rings.
- Ensure the halves of the scope level are clamped together securely using the two steel Allen head screws provided.

#### 3. Check Alignment:

- Verify that the scope level is level and properly aligned with your rifle's scope.
- Make any necessary adjustments before securing the screws completely.

### Usage

#### 1. Using the Offset Level:

- Focus on your target while keeping an eye on the offset level.
- Make any necessary adjustments to correct for canting errors without losing sight of your target.

## 2. Regular Maintenance:

- Periodically check the tightness of the screws to ensure the scope level remains securely attached.
- Clean the scope level with a soft cloth to maintain clarity and visibility.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste and materials.
- Remove any batteries or electronic components before disposal, if applicable.
- Consider recycling the product where facilities exist.

## Contact Information for Further Support

For any inquiries or support regarding the Holland's Signature Series Scope Levels, please refer to the manufacturer's contact details found on the packaging or the official website.
