Safety Instruction Guide for LITTLE DANDY ROTOR CHARGE #11

Introduction

Thank you for choosing the RCBS LITTLE DANDY ROTOR CHARGE #11. This product is designed to help you measure powder charges accurately for handgun and smallcaliber rifle loads. To ensure your safety and the safe use of this product, please read and follow the guidelines outlined in this instruction manual.

General Safety Guidelines

- **Product Safety:** This product is intended for measuring powder charges only. It is not a toy and should not be used by children.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. Regularly check the EU's Safety Gate platform for updates.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements.
- **Vulnerable Groups:** Extra care should be taken to keep this product out of reach of children and individuals who may not understand its use.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Be aware that unsafe products may be reported quickly through the Safety Gate system.

Specific Safety Precautions for Use

- **Avoid Inhalation:** Do not inhale powder or dust that may be released during use.
- **Personal Protective Equipment:** Wear safety glasses and a dust mask when handling powders to protect against irritation or injury.
- **Proper Ventilation:** Use the product in a wellventilated area to minimize exposure to any airborne particles.
- **Keep Away from Heat Sources:** Store and use this product away from open flames or heat sources.
- **Secure Work Area:** Ensure your workspace is clean and organized to prevent accidents.
- **Avoid Mixing Powders:** Do not mix different types of powders in the rotor to avoid dangerous reactions.

Instructions for Installation and Usage

1. Installation:

- Ensure that the rotor is compatible with your measuring equipment.
- Securely attach the rotor to the measuring device according to the manufacturer's instructions.
- Doublecheck that all connections are tight and secure before use.

2. Usage:

- Measure the desired powder charge by filling the rotor to the appropriate level.
- Use a scale to verify the weight of the powder charge if precision is critical.
- After measuring, carefully remove any excess powder from the rotor to maintain accuracy.
- Clean the rotor regularly to prevent residue buildup.

Disposal Instructions

- Dispose of any unused or expired powders according to local regulations.
- Do not dispose of powders in regular household waste.
- Contact local waste management authorities for proper disposal methods.

- Recycle packaging materials where applicable.

Contact Information for Further Support

For any questions or concerns regarding the use of the LITTLE DANDY ROTOR CHARGE #11, please refer to the contact information provided by your retailer or manufacturer.

By following these guidelines, you can ensure a safe and effective experience with your RCBS LITTLE DANDY ROTOR CHARGE #11. Thank you for your attention to safety.
