

6MM CALIBER TIPPED MATCHKING BULLETS - SIERRA BULLETS TIPPED MATCHKING 6MM (0.243") 95GR PTBT 100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

Sierra has enhanced a segment of the MatchKing line by adding the acetal resin tip, thus crowning the Tipped MatchKing (TMK) bullet line. The major advantage of adding a tip to the bullet is the reduction of drag, producing a more favorable ballistic coefficient. Another benefit is reliable feeding in magazine fed firearms. Although the MatchKing line is recognized around the world for record setting accuracy, like their untipped counterparts, Tipped MatchKing (TMK) bullets are not recommended for hunting anything larger than varmints. Having heavier jackets than our Hornet or Blitz line of bullets, these bullets will not provide the same explosive expansion on small varmints.

Safety Instruction Guide for 6MM Caliber Tipped MatchKing Bullets

Introduction

Thank you for choosing the 6MM Caliber Tipped MatchKing Bullets from Sierra Bullets. This guide provides essential safety information to ensure the safe use and handling of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before use.

General Safety Guidelines

- Ensure that all users are aware of the potential hazards associated with handling and using ammunition.
- Store ammunition in a cool, dry place, away from direct sunlight and heat sources.
- Keep ammunition out of reach of children and unauthorized individuals.
- Always handle ammunition with care and respect, treating it as if it is live at all times.
- Be aware of the legal requirements and restrictions regarding the purchase, possession, and use of ammunition in your country.

Specific Safety Precautions for Use

- Always use appropriate firearms that are designed for the specific caliber of the ammunition.
- Wear safety glasses and hearing protection when shooting.
- Ensure that the firearm is in good working condition and that you are familiar with its operation.
- Never point a firearm at anything you do not intend to shoot.
- Do not consume alcohol or drugs before or during shooting activities.
- Be mindful of your surroundings and ensure a safe shooting environment.
- Avoid using Tipped MatchKing bullets for hunting larger game as they are not designed for such purposes.

Instructions for Installation and Usage

- Before loading the ammunition, ensure that the firearm is unloaded and pointed in a safe direction.
- Load the ammunition into the magazine or chamber according to the manufacturer's instructions for your specific firearm.
- After loading, check to ensure that the ammunition is seated properly and that there are no obstructions in the chamber.
- When ready to shoot, adopt a stable shooting position and align your sights on the target.
- Pull the trigger smoothly and steadily to fire the round.
- After firing, keep the firearm pointed downrange and wait for a few moments before checking for any malfunctions or misfires.
- If a misfire occurs, follow the manufacturer's instructions for clearing the malfunction safely.

Disposal Instructions

- Dispose of any unused or damaged ammunition in accordance with local regulations.
- Do not throw ammunition in regular trash or dispose of it in a manner that could pose a risk to others.
- Contact local authorities or waste management facilities for guidance on safe disposal methods.
