

# FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 6.5 CREEDMOOR FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 6.5 CREEDMOOR FULL LENGTH SIZING DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749017750

# Safety Instruction Guide for Forster Full Length Sizing Dies

## Introduction

Thank you for choosing the Forster Full Length Sizing Dies for your reloading needs. This guide is designed to provide you with essential safety information and usage instructions to ensure a safe and effective reloading experience. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Ensure that all users are familiar with safe handling and operation of reloading equipment.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and hearing protection when reloading.
- Keep the work area clean and organized to prevent accidents and ensure efficiency.
- Store reloading dies and components in a secure location, away from children and unauthorized users.
- Regularly inspect the dies for any signs of wear or damage before use.
- Follow local laws and regulations regarding the use and storage of reloading equipment and materials.

## Specific Safety Precautions for Use

- Always doublecheck that the die is securely installed in the reloading press before use.
- Avoid overtightening the die or any components, as this may cause damage or malfunction.
- Use only the recommended cartridge case for the Forster Full Length Sizing Die to prevent accidents.
- Ensure that your reloading workspace is wellventilated, especially when using primers and powders.
- Never attempt to modify the die or use it for purposes other than intended.

## Instructions for Installation and Usage

### 1. Installation of the Die:

- Remove the die from its packaging and inspect for any visible damage.
- Clean the die with a soft cloth to remove any manufacturing oils or debris.
- Insert the die into the reloading press and tighten the locking ring securely, ensuring it is positioned correctly.

### 2. Using the Die:

- Prepare your cartridge cases by cleaning and inspecting them for defects.
- Insert the case into the shell holder of the reloading press.
- With the EZ Out Expander button properly positioned, raise the ram of the press to engage the die with the case.
- Follow the manufacturer's specifications for the appropriate amount of force and operation speed.
- Once the sizing operation is complete, lower the ram and remove the sized case.

### 3. PostUsage Care:

- Clean the die after each use to remove any residue or debris.
- Store the die in a dry, safe location to prevent rust and damage.

## **Disposal Instructions**

- Dispose of any damaged or wornout dies in accordance with local regulations for metal waste.
- Do not dispose of reloading components or materials in regular household waste. Follow local guidelines for hazardous waste disposal.

## **Contact Information for Further Support**

For any safety inquiries or support regarding your Forster Full Length Sizing Dies, please consult the official Forster Products, Inc. website or contact your local distributor for assistance.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Forster Full Length Sizing Dies. Always prioritize safety and adhere to all recommended practices to enjoy a successful reloading process.
