Safety Instruction Guide for .308 Winchester Brass

Introduction

Thank you for choosing the .308 Winchester Brass by Peterson Cartridge. This guide provides essential safety information and instructions to ensure the safe use and handling of this product. Please read this guide carefully before using the brass cartridges.

General Safety Guidelines

- Ensure you are familiar with the laws and regulations regarding ammunition and reloading in your area.
- Always store brass cartridges in a cool, dry place away from direct sunlight and moisture.
- Keep brass cartridges out of reach of children and unauthorized persons.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling brass cartridges.
- Do not use damaged or corroded brass cartridges. Inspect them regularly for signs of wear.
- Follow all manufacturer recommendations and guidelines for reloading and handling ammunition.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper handling or use of brass cartridges may result in accidental discharge or injury.
- Exposure to lead and other materials may pose health risks.

- **Avoiding Hazards:**

- Always handle brass cartridges with care and respect.
- Use only compatible primers and powders specified for .308 Winchester cartridges.
- Do not exceed recommended loads when reloading.
- Ensure that your firearm is in good condition and suitable for use with .308 Winchester cartridges.

- **Age Specific Warnings:**

- This product is intended for use by individuals aged 18 years and older. Ensure that minors are supervised by a qualified adult when handling or using this product.

Instructions for Installation and Usage

- **Preparation:**

- Before using the brass, ensure you have the necessary tools and equipment for reloading.
- Inspect each brass casing for defects or damage before use.

- **Reloading Instructions:**

- Clean the brass casings thoroughly before reloading.
- Select the appropriate primer (large or small) based on your specific needs.
- Fill the brass casing with the recommended powder charge according to your reloading manual.
- Insert the primer carefully, ensuring it is seated correctly.

- **Usage:**

- Load the brass into your firearm according to the manufacturer's instructions.
- Always check the firearm's chamber before loading to ensure it is clear.
- Fire the ammunition in a safe and controlled environment, following all safety protocols.

Disposal Instructions

- Dispose of spent brass casings and any damaged cartridges in accordance with local regulations.
- Do not dispose of brass in regular household waste. Check for recycling programs in your area that accept brass materials.
- Ensure that all spent cartridges are handled safely to avoid accidents.

Contact Information for Further Support

For safety inquiries or additional support, please refer to the manufacturer's website or customer service resources. Always ensure you have the latest information regarding recalls or safety notices related to your product.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your .308 Winchester Brass by Peterson Cartridge. Thank you for prioritizing safety in your reloading and shooting activities.
