

# EOL ELITE HUNTER 6.5MM (0.264") HYBRID BULLETS - BERGER BULLETS 6.5MM (0.264") 156GR HYBRID BOAT TAIL 100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

The EOL Elite Hunter bullet delivers long-range hunting performance for the custom rifle enthusiast that prefers "heavier-than-standard" projectiles. Inspired by the cutting-edge "Extreme Outer Limits" (EOL) outdoor television series, Bergers newest EOL Elite Hunter offerings boast highest-in-class ballistic coefficients, advanced Hybrid ogive profile designs, and high sectional density that delivers unequaled stopping power. Like other hybrid designs, the Elite Hunter offers the best of both worlds by incorporating both tangent and secant designs. As the bearing surface ends, the tangent ogive begins, resulting in much less sensitivity to seating depth. This bullet is purposefully intended for hunters who use custom rifles and either have extended length magazines or single feed their ammunition.

## Attributes

- Name: [BERGER BULLETS 6.5MM \(0.264"\) 156GR HYBRID BOAT TAIL 100/BOX](#)
- Manufacturer: [BERGER BULLETS](#)
- Product no.: 749018400

# EOL Elite Hunter 6.5mm Hybrid Bullets Safety Instruction Guide

## Introduction

Thank you for choosing the EOL Elite Hunter 6.5mm (0.264") Hybrid Bullets by Berger Bullets. These bullets are designed for longrange hunting performance and are intended for use with custom rifles. This safety instruction guide provides important information to ensure safe handling, usage, and disposal of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure safe use by following all instructions provided in this guide.
- Be aware of potential hazards associated with ammunition and firearms.
- Keep bullets out of reach of children and unauthorized users.
- Use only in accordance with local laws and regulations.
- Always wear appropriate safety gear when handling or using firearms.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Regularly check for product recalls and safety updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always handle bullets with care to avoid accidental discharge.
- Do not modify or attempt to disassemble the bullets.
- Ensure your firearm is in good working condition before use.
- Verify that the bullet caliber matches the specifications of your firearm.
- Use only approved magazines and feeding mechanisms for your custom rifle.
- Avoid using bullets that show signs of damage or degradation.
- Follow all local laws regarding the use and transportation of ammunition.

## Instructions for Installation and Usage

- **Installation:**
  - Ensure that your firearm is unloaded before inserting bullets.
  - Load bullets into the magazine according to the manufacturer's instructions.
  - If using a single feed mechanism, carefully insert each bullet into the chamber.
- **Usage:**
  - Always point the firearm in a safe direction when loading or unloading.
  - Maintain a proper shooting stance and grip on your firearm.
  - Check your surroundings before firing to ensure safety.
  - Use appropriate shooting ranges or designated areas for shooting.

## Disposal Instructions

- Dispose of any unused or damaged bullets according to local regulations.
- Do not throw bullets in regular trash.
- Contact local authorities or hazardous waste disposal facilities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety, product information, or concerns, please refer to the contact details provided by your retailer or the manufacturer. Always ensure that you have the latest information regarding product safety and recalls.

By following these guidelines, you can ensure a safe and enjoyable experience with your EOL Elite Hunter 6.5mm Hybrid Bullets. Thank you for your commitment to safety and responsible usage.
