

F-OPEN 7MM (0.284") BOAT TAIL BULLETS - BERGER BULLETS 7MM (0.284") 184GR HYBRID BOAT TAIL 100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

After Bergers successful partnership with the U.S. Rifle Team co-developed the Berger 30 caliber 200.20x World Championship winning F-TR bullet, it's only fitting they continue the innovation with other U.S. Rifle Team disciplines. With this new sponsorship, the 7mm 184gr F-Open Hybrid Target Bullet was created. In addition, Berger will continue its support by donating \$1.00 from every box sold for each of these bullets to support the U.S. World Team efforts in 2018 and beyond. Hybrid Target Match Grade bullets blend the best aspects of the tangent and secant nose shapes into one ogive (nose). It starts at the bearing surface with a tangent section that will align itself more effectively when the bullet contacts the rifling. This results in a high Ballistic Coefficient bullet that is easier to tune.
