## Secure Your Valuables on a Budget

Have a handgun or some small, special objects that you want to hide away from prying eyes? For those on a budget, the Hornady Security Lock Box offers a dependable method of preventing immediate access by grab-and-go thieves. Made using the same 16-gauge steel construction as the company's higher-end lock boxes, the Hornady Security Lock Box will withstand pry attempts and other punishment with ease. An included heavy-duty security cable allows users to attach the box to a bed frame or other hard-to-move object to avoid thieves snatching the box. The cable is rated to take up to 1,500 pounds of force. Color: black Height: 1.72 inches Width: 6.5 inches Length: 9.5 inches Each Security Lock Box is locked into place with a steel barrel lock and ships with two keys. The interior of the box is coated with foam, protecting any object inside from damage.

# Safety Instruction Guide for Hornady Security Lock Box and Lock Box XL

## Introduction

Thank you for choosing the Hornady Security Lock Box and Lock Box XL. This product is designed to provide a secure storage solution for handguns and other small, valuable items. To ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR), please follow the guidelines outlined in this instruction guide.

## General Safety Guidelines

- **Product Safety:** Always ensure safe use of the lock box to prevent unauthorized access to your firearms and valuables.
- **Enhanced Recalls:** Stay informed about any product recalls. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety requirements.
- **Special Consumer Focus:** Keep this product out of reach of children. It is not a toy and should be used only by responsible adults.
- **EU Contact Point:** For any safety inquiries, refer to the manufacturer or retailer for assistance.
- **Rapid Alerts:** Check the EU's Safety Gate platform for updates on product safety and recalls.

## Specific Safety Precautions for Use

- **Keep Out of Reach of Children:** Ensure that the lock box is stored in a secure location, away from children and unauthorized users.
- **Inspect Before Use:** Check the lock box for any signs of damage or wear before each use. Do not use if damaged.
- **Do Not Force Open:** If the lock box does not open with the key, do not attempt to force it. Contact a professional for assistance.
- **Secure Installation:** Use the included heavyduty security cable to attach the lock box to a stable object to prevent theft.
- **Avoid Overloading:** Do not exceed the weight capacity of the lock box. Ensure that items stored do not exceed 1,500 pounds of force on the cable.

## Instructions for Installation and Usage

1. **Unboxing:** Carefully remove the lock box from its packaging. Ensure all components are included: the lock box, two keys, and the security cable.
2. **Choosing a Location:** Select a discreet and secure location to place the lock box. Ensure it is not easily visible or accessible to unauthorized individuals.
3. **Attaching the Security Cable:**
  - Locate the security cable and one end of it.
  - Loop the cable around a sturdy object, such as a bed frame or heavy furniture.
  - Insert the other end of the cable through the loop and pull tight to secure it.
  - Attach the lock box to the cable using the designated attachment point.
4. **Locking the Box:**
  - Open the lock box using one of the keys provided.
  - Place your handgun or valuable items inside, ensuring they are safely stored.
  - Close the lid firmly and insert the key into the lock.

- Turn the key to lock the box and remove it.
5. **Key Storage:** Store the keys in a secure location, separate from the lock box, to prevent unauthorized access.

## Disposal Instructions

- **Disposal of the Lock Box:** When the lock box is no longer needed, dispose of it in accordance with local regulations for the disposal of metal products.
- **Recycling:** If possible, recycle the metal components of the lock box to minimize environmental impact.
