# Safety Instruction Guide for L.E. Wilson VLD Bullet Seater Stems

## Introduction

Thank you for choosing the L.E. Wilson VLD Bullet Seater Stem. This product is designed to enhance your reloading experience by providing a better seating option for VLDstyle bullets. To ensure your safety and the effective use of this product, please read and follow the guidelines outlined in this document.

## General Safety Guidelines

- Ensure you are familiar with the safe handling and operation of reloading equipment before using the L.E. Wilson VLD Bullet Seater Stem.
- Always use this product in accordance with the manufacturer's instructions and guidelines.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before each use.
- Report any unsafe products or accidents to relevant authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when reloading ammunition.
- Ensure that the workspace is clean and free from hazards such as clutter or flammable materials.
- Avoid using the L.E. Wilson VLD Bullet Seater Stem if you are under the influence of drugs or alcohol.
- Do not exceed the recommended specifications for bullet types or calibers as stated in the product documentation.
- Be cautious of the potential for lead exposure when handling bullets and ammunition components.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your L.E. Wilson Chamber Type Bullet Seater Die is securely mounted in your reloading press.
- Remove the standard seating stem from the die by unscrewing it counterclockwise.
- Take the L.E. Wilson VLD Bullet Seater Stem and carefully screw it into the die in a clockwise direction until it is firmly secured.
- Ensure that the stem is aligned properly to avoid any misalignment during the seating process.

### 2. Usage

- Prepare your reloading components, including cases and bullets, in accordance with your specific reloading data.
- Adjust the seating depth by turning the seating stem as necessary to achieve the desired bullet seating depth.
- Place the bullet into the case mouth and position it under the seating stem.
- Activate the press to seat the bullet. Ensure that the operation is smooth and free from resistance.
- After reloading, inspect the seated bullets for proper depth and alignment.

## Disposal Instructions

- Dispose of any unused or damaged products in accordance with local regulations.
- Do not throw away the L.E. Wilson VLD Bullet Seater Stem in regular household waste. Instead, check

with local authorities for proper disposal methods, especially if the product is damaged or contains hazardous materials.

## Contact Information for Further Support

For any inquiries regarding the L.E. Wilson VLD Bullet Seater Stem, please refer to the manufacturer's website or contact your local distributor. Ensure to have your product details ready for faster assistance.

By adhering to these guidelines, you can ensure a safe and effective reloading experience with your L.E. Wilson VLD Bullet Seater Stem. Thank you for prioritizing safety in your reloading practices.
