Safety Instruction Guide for L.E. Wilson VLD Bullet Seater Stems

Introduction

Thank you for choosing the L.E. Wilson VLD Bullet Seater Stems. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the safe handling and use of reloading equipment.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when reloading ammunition.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product for any damage before use. Do not use if damaged.
- Follow all local laws and regulations regarding ammunition reloading.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the L.E. Wilson VLD Seating Stem only with compatible L.E. Wilson Chamber Type Bullet Seater Dies.
- Ensure that the bullet seating depth is appropriate for the specific bullet being used to prevent overcompression.
- Avoid overtightening the seating stem during use, which may cause damage to the bullet or the stem.
- Always work in a wellventilated area to minimize exposure to any potentially harmful substances.
- Do not leave the reloading setup unattended while in use.

Instructions for Installation and Usage

1. Installation of the VLD Seating Stem:

- Ensure that the bullet seater die is clean and free of debris.
- Remove the standard seating stem from the die by unscrewing it counterclockwise.
- Insert the L.E. Wilson VLD Seating Stem into the die and tighten it securely by turning it clockwise.
- Check that the stem is properly seated and aligned.

2. Using the VLD Seating Stem:

- Prepare your cartridge case and bullet as per standard reloading practices.
- Place the cartridge case in the shell holder of your reloading press.
- Position the bullet on top of the cartridge case.
- Slowly lower the ram of the press to seat the bullet. Monitor the seating depth closely.
- If necessary, adjust the seating stem to achieve the desired bullet seating depth.

3. PostUse Care:

- After use, clean the seating stem and die to remove any residue or debris.
- Store the seating stem in a safe, dry place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the L.E. Wilson VLD Bullet Seater Stems, please refer to the product packaging for contact information or consult the manufacturer's website for further support.

Thank you for your attention to these safety guidelines. Safe reloading practices will help ensure your safety and the quality of your ammunition.
