# Sinclair Priming Tool Shell Holders Safety Instructions

## Introduction

Thank you for choosing the Sinclair Priming Tool Shell Holders. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this manual carefully before using the shell holders, and keep it for future reference.

## General Safety Guidelines

- Ensure that you are familiar with the Sinclair Priming Tool and its proper operation before using the shell holders.
- Always use the shell holders as intended and follow the manufacturer's instructions.
- Keep the shell holders out of reach of children and vulnerable individuals.
- Regularly inspect the shell holders for any signs of wear, damage, or defects before use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) when using the Sinclair Priming Tool and shell holders, including safety glasses and gloves.
- Avoid using the shell holders with cartridges that are not specified for use (e.g., 4570 Government, 348 Winchester).
- Do not force the shell holders into the priming tool; ensure a proper fit to avoid injury or damage.
- Handle the shell holders with care to prevent injury from sharp edges or metal fragments.
- Never leave the shell holders unattended while in use.
- Ensure that your workspace is clean and free of obstructions to minimize the risk of accidents.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the Sinclair Priming Tool is turned off and unplugged before installation.
- Select the appropriate shell holder for your cartridge.
- Align the shell holder with the priming tool and insert it firmly until it is securely in place.
- Check that the model number on the shell holder matches the specifications of your priming tool.

### 2. Usage:

- Load the cartridge into the shell holder according to the manufacturer's instructions.
- Follow the operational guidelines for the Sinclair Priming Tool to ensure safe and effective priming.
- Monitor the priming process closely and stop immediately if you notice any issues or irregularities.
- After use, remove the shell holder from the priming tool and clean it as per the cleaning instructions provided.

## Disposal Instructions

- Dispose of any damaged or worn shell holders responsibly according to local regulations.
- Do not throw shell holders in regular household waste; check for recycling options or hazardous waste disposal methods in your area.
- Ensure that any packaging materials are disposed of in an environmentally friendly manner.

## **Contact Information for Further Support**

For any questions or concerns regarding the Sinclair Priming Tool Shell Holders, please refer to the manufacturer's contact information provided with the product packaging. You can also check the EU's Safety Gate platform for updates and safety alerts.

Thank you for your attention to these safety instructions. Your safety is our priority.
