# Safety Instruction Guide for the Digital Indicator w/Lever and Flat Point

## Introduction

Thank you for choosing the Sinclair International Digital Indicator with Lever and Flat Point. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this document thoroughly before using the indicator.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the indicator out of reach of children and vulnerable individuals to prevent accidental injury.
- Regularly inspect the product for any signs of damage or wear. Do not use if damaged.
- Store the indicator in the provided black case with protective foam insert when not in use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the lever control to insert and remove items needing measurement safely.
- Avoid applying excessive force when using the indicator, as this may lead to damage or inaccurate readings.
- Do not use the indicator in wet or damp conditions, as moisture can affect its accuracy and functionality.
- Ensure that the indicator is calibrated correctly before use to maintain accuracy.
- Do not attempt to disassemble or repair the indicator yourself. Seek professional assistance if repairs are needed.

## Instructions for Installation and Usage

### 1. Preparation for Use:

- Remove the Digital Indicator from the protective case.
- Ensure that the indicator is clean and free from debris.

### 2. Setting Up the Indicator:

- Place the indicator on a stable and flat surface.
- If using with the Sinclair Bullet Sorting Stand or other compatible tools, securely attach the indicator as per the specific tool's instructions.

### 3. Using the Indicator:

- Use the lever control to gently insert the item to be measured into the indicator tip.
- Adjust the reading mode (absolute or incremental) as needed based on your measurement requirements.
- Press the one touch zero button to reset the reading before taking measurements.

### 4. After Use:

- Remove the item being measured and ensure the indicator returns to its resting position.
- Turn off the indicator to conserve battery power, if applicable.
- Store the indicator in the black case with the protective foam insert to prevent damage.

## **Disposal Instructions**

- Dispose of the Digital Indicator in accordance with local regulations for electronic waste.
- Do not dispose of the indicator in regular household waste.
- If the product is no longer usable, consider recycling options available in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or product support, please reach out to the designated contact point in your region. Ensure that you have the product details available for reference.

By following these safety instructions, you can ensure a safe and efficient experience with your Sinclair International Digital Indicator with Lever and Flat Point. Thank you for your attention to these important guidelines.
