

CONTOUR #5 BARREL - SHILEN 25 CALIBER 1-10 TWIST #5 CHROME MOLY BARREL

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Blanks](#)

Contour #5 in Chrome Moly or Stainless Steel

All the loving care of the best stockmaker and the meticulous attention to detail of the master machinist will not make a gun shoot any straighter than the accuracy capability of the barrel used. And, it is the insides of a barrel, that very small and vital area of lands and grooves over which the gunsmith has no control, that can determine whether the finished work of art is for shooting - or "just for looks". Craftsmanship . . . not price . . . determines the quality of a barrel. But, by the same token, the customer willing to spend the money for a custom gun is shortsighted indeed, if he starts economizing and orders "just any old barrel so long as it's cheap". Furthermore, he is jeopardizing your reputation as a gun builder by making such a request. We, as your supplier, are laying our reputation (and yours, too!) on the line by offering you barrel blanks. They have got to be good or we are in trouble! Big trouble!! We must never sell you anything but that which will enlarge your stature with your trade. And, we feel that the Brownell Barrel, made for us by Ed Shilen, will do just that! Shilen barrels, either chrome moly or Stainless, are rifled with six lands and grooves by the "Cold Forming" process using carbide dies made in Shilen's own plant under the most rigid controls. This rifling method achieves extremely close inside uniformity from breech to muzzle. Finished barrels are air-gauge inspected (air-gauged sensitivity is .00005" - five-one-hundred-thousandths!) and 6X borescope inspected. All barrels, .22 through .30 caliber have groove tolerances within .0005" and uniformity within .0003" No straightening is done, and all barrels are completely stress-relieved. All stainless steel barrels are hand lapped at the factory. Only those barrels passing all spec tests are offered to the trade. Any barrel even slightly "suspect" is started through the production process again and bored to a large caliber. In no other way can quality and reputation be maintained. Slightly more expensive to produce - but vastly greater in quality and ultimate performance.

Attributes

- Name: [SHILEN 25 CALIBER 1-10 TWIST #5 CHROME MOLY BARREL](#)
- Manufacturer: [SHILEN](#)
- Product no.: 787257105
- Mfr. No.: 257105CM
- Caliber: 25 Caliber (.257)
- Contour: #5
- Material: Chrome Moly Steel
- Style: Match-Grade
- Twist: 1-10
- Delivery weight: 1.991kg
- Shipping height: 25mm
- Shipping width: 25mm
- Shipping length: 711mm

Safety Instruction Guide for CONTOUR #5 BARREL SHILEN 25 CALIBER 110 TWIST #5 CHROME MOLY BARREL

Introduction

Thank you for choosing the CONTOUR #5 BARREL SHILEN 25 CALIBER 110 TWIST #5 CHROME MOLY BARREL. This guide provides important safety information and instructions to ensure the safe use and handling of the product. Please read this guide thoroughly before using the barrel.

General Safety Guidelines

- Ensure that all users of the barrel are familiar with firearm safety practices.
- Always handle the barrel with care and respect, treating it as if it is loaded.
- Store the barrel in a secure location, away from children and unauthorized users.
- Regularly inspect the barrel for any signs of damage or wear before use.
- Follow all local laws and regulations regarding the use and ownership of firearm components.

Specific Safety Precautions for Use

- Only use the barrel with compatible firearms as specified by the manufacturer.
- Ensure that the barrel is properly installed according to the instructions provided.
- Do not attempt to modify or alter the barrel in any way.
- Use only ammunition that is specified for use with this barrel to prevent accidents and ensure safety.
- If you notice any unusual performance or signs of malfunction while using the barrel, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel from the firearm according to the manufacturer's instructions.
- Carefully install the CONTOUR #5 BARREL by following these steps:
 - Align the barrel with the receiver of the firearm.
 - Secure the barrel using the appropriate tools, ensuring it is tightly fitted.
 - Check for proper alignment and fit before proceeding.

2. Usage:

- Before firing, check that the barrel is clean and free of obstructions.
- Load the firearm with the appropriate ammunition.
- Follow standard firearm handling procedures while shooting.
- After use, clean the barrel according to the manufacturer's recommendations to maintain performance and longevity.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the barrel is no longer usable, consult local guidelines for the disposal of firearm components.
- Do not dispose of the barrel in regular household waste; follow proper recycling or hazardous waste procedures as applicable.

Contact Information for Further Support

For any inquiries or concerns regarding the CONTOUR #5 BARREL SHILEN 25 CALIBER 110 TWIST #5 CHROME MOLY BARREL, please reach out to the appropriate contact point provided by the manufacturer. They can assist you with safety inquiries, product information, and support.

Conclusion

The CONTOUR #5 BARREL SHILEN 25 CALIBER 110 TWIST #5 CHROME MOLY BARREL is designed for precision and performance. By following the guidelines and instructions provided in this safety instruction guide, you can ensure a safe and enjoyable experience with your product. Always prioritize safety and responsibility when handling firearms and their components.
