

CONTOUR #5 BARREL - SHILEN 30 CALIBER 1-10 TWIST #5 CHROME MOLY BARREL

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Blanks](#)

Contour #5 in Chrome Moly or Stainless Steel

All the loving care of the best stockmaker and the meticulous attention to detail of the master machinist will not make a gun shoot any straighter than the accuracy capability of the barrel used. And, it is the insides of a barrel, that very small and vital area of lands and grooves over which the gunsmith has no control, that can determine whether the finished work of art is for shooting - or "just for looks". Craftsmanship . . . not price . . . determines the quality of a barrel. But, by the same token, the customer willing to spend the money for a custom gun is shortsighted indeed, if he starts economizing and orders "just any old barrel so long as it's cheap". Furthermore, he is jeopardizing your reputation as a gun builder by making such a request. We, as your supplier, are laying our reputation (and yours, too!) on the line by offering you barrel blanks. They have got to be good or we are in trouble! Big trouble!! We must never sell you anything but that which will enlarge your stature with your trade. And, we feel that the Brownell Barrel, made for us by Ed Shilen, will do just that! Shilen barrels, either chrome moly or Stainless, are rifled with six lands and grooves by the "Cold Forming" process using carbide dies made in Shilen's own plant under the most rigid controls. This rifling method achieves extremely close inside uniformity from breech to muzzle. Finished barrels are air-gauge inspected (air-gauged sensitivity is .00005" - five-one-hundred-thousandths!) and 6X borescope inspected. All barrels, .22 through .30 caliber have groove tolerances within .0005" and uniformity within .0003" No straightening is done, and all barrels are completely stress-relieved. All stainless steel barrels are hand lapped at the factory. Only those barrels passing all spec tests are offered to the trade. Any barrel even slightly "suspect" is started through the production process again and bored to a large caliber. In no other way can quality and reputation be maintained. Slightly more expensive to produce - but vastly greater in quality and ultimate performance.

Attributes

- Name: [SHILEN 30 CALIBER 1-10 TWIST #5 CHROME MOLY BARREL](#)
- Manufacturer: [SHILEN](#)
- Product no.: 787308105
- Mfr. No.: 30105CM
- Caliber: 30 Caliber (.308)
- Contour: #5
- Material: Chrome Moly Steel
- Style: Match-Grade
- Twist: 1-10
- Delivery weight: 1.905kg
- Shipping height: 25mm
- Shipping width: 28mm
- Shipping length: 711mm

Safety Instruction Guide for CONTOUR #5 BARREL SHILEN 30 CALIBER 110 TWIST #5 CHROME MOLY BARREL

Introduction

Thank you for choosing the CONTOUR #5 BARREL SHILEN 30 CALIBER 110 TWIST #5 CHROME MOLY BARREL. This guide provides essential safety instructions to ensure the safe use, handling, and maintenance of your barrel. Please read this guide carefully and follow all instructions to avoid potential hazards.

General Safety Guidelines

- Ensure that the barrel is used only for its intended purpose.
- Always handle the barrel with care to prevent accidents.
- Keep the barrel out of reach of children and unauthorized users.
- Regularly inspect the barrel for any signs of wear or damage.
- If you notice any irregularities, stop using the barrel immediately and seek professional assistance.
- Follow all applicable laws and regulations regarding firearm components in your region.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when handling the barrel.
- Ensure that the barrel is clean and free from obstructions before use.
- Do not exceed the recommended caliber specifications for your firearm.
- Avoid using the barrel with ammunition that does not match its specifications.
- Always ensure that the firearm is unloaded before installing or removing the barrel.
- Use the barrel in a controlled environment to minimize risks.
- Be aware of your surroundings and ensure that the area is clear of bystanders when using the firearm.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is completely unloaded.
- Remove the existing barrel from the firearm according to the manufacturer's instructions.
- Inspect the threads and mounting area of the firearm for any debris or damage.
- Carefully screw the CONTOUR #5 BARREL onto the firearm, ensuring a secure fit.
- Check for proper alignment and functionality.

2. Usage:

- Load the firearm according to the manufacturer's instructions.
- Always point the firearm in a safe direction when ready to fire.
- Follow standard operating procedures for handling firearms.
- After use, clean the barrel thoroughly to maintain its performance and longevity.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the barrel is damaged beyond repair, consult with a professional for safe disposal options.
- Do not dispose of the barrel in regular household waste. Instead, contact a licensed firearms dealer for proper disposal.

Contact Information for Further Support

For any inquiries or concerns regarding the CONTOUR #5 BARREL SHILEN 30 CALIBER 110 TWIST #5 CHROME MOLY BARREL, please refer to the product documentation or manufacturer's website for further assistance. It is important to have a local contact point for safety inquiries.

Conclusion

Your safety is our priority. By following these guidelines, you can ensure the safe and effective use of your CONTOUR #5 BARREL SHILEN 30 CALIBER 110 TWIST #5 CHROME MOLY BARREL. Regular maintenance and adherence to safety protocols will enhance your experience and performance. Thank you for your attention to these important safety instructions.
