

# UNTURNE 338 CALIBER BARRELS - SHILEN 338 CALIBER 1-10" TWIST UNTURNE BLANK CHROME MOLY BBL

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrel Blanks](#)

All the loving care of the best stock maker and the meticulous attention to detail of the master machinist will not make a gun shoot any straighter than the accuracy capability of the barrel used. And, it is the insides of a barrel, that very small and vital area of lands and grooves over which the gunsmith has no control, that can determine whether the finished work of art is for shooting - or "just for looks". Craftsmanship . . . not price . . . determines the quality of a barrel. But, by the same token, the customer willing to spend the money for a custom gun is shortsighted indeed, if he starts economizing and orders "just any old barrel so long as it's cheap". Furthermore, he is jeopardizing your reputation as a gun builder by making such a request. We, as your supplier, are laying our reputation (and yours, too!) on the line by offering you barrel blanks. They have got to be good or we are in trouble! Big trouble!! We must never sell you anything but that which will enlarge your stature with your trade. And, we feel that the Brownell's Barrel, made for us by Ed Shilen, will do just that! Shilen barrels, either chrome moly or Stainless, are rifled with six lands and grooves by the "Cold Forming" process using carbide dies made in Shilen's own plan under the most rigid controls. This rifling method achieves extremely close inside uniformity from breech to muzzle. Finished barrels are air-gauge inspected (air-gauged sensitivity is .00005" - five-one-hundred-thousandths!) and 6X borescope inspected. All barrels, .22 through .30 caliber have groove tolerances within .0005" and uniformity within .0003" No straightening is done, and all barrels are completely stress-relieved. All stainless steel barrels are hand lapped at the factory. Only those barrels passing all spec tests are offered to the trade. Any barrel even slightly "suspect" is started through the production process again and bored to a large caliber. In no other way can quality and reputation be maintained. Slightly more expensive to produce - but vastly greater in quality and ultimate performance.

## Attributes

- Name: [SHILEN 338 CALIBER 1-10" TWIST UNTURNE BLANK CHROME MOLY BBL](#)
- Manufacturer: [SHILEN](#)
- Product no.: 787338100
- Mfr. No.: 33810BLANKCM
- Caliber: 338 Caliber (.338)
- Contour: Blank
- Material: Chrome Moly Steel
- Style: Unturned
- Twist: 1-10
- Delivery weight: 4.073kg
- Shipping height: 32mm
- Shipping width: 32mm
- Shipping length: 718mm

## Item details

Made in USA

US export classification: 0A501.c

# Safety Instruction Guide for UNTURNED 338 Caliber Barrels

## Introduction

Thank you for choosing the UNTURNED 338 Caliber Barrels manufactured by SHILEN. This safety instruction guide is designed to ensure the safe and effective use of our product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully to understand the safety guidelines and proper usage of the barrel.

## General Safety Guidelines

- **Product Safety:** Ensure safe handling and use of the barrel. Always follow the recommended guidelines to minimize risks.
- **Enhanced Recalls:** Be aware that in the event of a product recall, standardized notices will be provided, and remedies will be available at no cost.
- **Online Shopping:** If purchased online, ensure the seller complies with safety regulations similar to those of physical stores.
- **Special Consumer Focus:** Extra safeguards are in place for vulnerable groups, including children. Keep all products out of reach of children.
- **EU Contact Point:** For safety inquiries, ensure you have access to an EU-based contact point.
- **Rapid Alerts:** Stay informed about unsafe products through the EU's Safety Gate system.

## Specific Safety Precautions for Use

- **Proper Handling:** Always handle the barrel with care to prevent damage or personal injury.
- **Protective Gear:** Wear appropriate protective gear, such as gloves and safety goggles, when handling the barrel.
- **Check for Damage:** Before installation, inspect the barrel for any signs of damage or defects. Do not use if damaged.
- **Avoid Modifications:** Do not modify the barrel in any way. Modifications can compromise safety and performance.
- **Age Restrictions:** This product is intended for use by individuals who are legally permitted to handle firearms. Ensure that all users meet legal age requirements.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure you are in a safe and controlled environment.
- Gather all necessary tools and equipment for installation.
- Follow the specific instructions provided by your firearm manufacturer for attaching the barrel.
- Ensure that the barrel is securely attached and properly aligned.

### 2. Usage:

- Always follow safe firearm handling practices.
- Ensure the firearm is unloaded before installing or inspecting the barrel.
- Use only ammunition that is compatible with the 338 caliber barrel.
- Regularly clean and maintain the barrel for optimal performance.

## Disposal Instructions

- **Environmental Responsibility:** Dispose of any packaging materials and unused parts responsibly.
- **Local Regulations:** Follow local regulations for the disposal of firearm components and materials.
- **Recycling:** Where possible, recycle materials such as metal and cardboard.

## Contact Information for Further Support

For any questions or concerns regarding the UNTURNED 338 Caliber Barrels, please refer to the contact information provided by your supplier or retailer. They will be able to assist you with any inquiries related to safety, installation, or product performance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
