[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrel Blanks](#)

## Contour #2 in Chrome Moly or Stainless Steel

All the loving care of the best stockmaker and the meticulous attention to detail of the master machinist will not make a gun shoot any straighter than the accuracy capability of the barrel used. And, it is the insides of a barrel, that very small and vital area of lands and grooves over which the gunsmith has no control, that can determine whether the finished work of art is for shooting - or "just for looks". Craftsmanship . . . not price . . . determines the quality of a barrel. But, by the same token, the customer willing to spend the money for a custom gun is shortsighted indeed, if he starts economizing and orders "just any old barrel so long as it's cheap". Furthermore, he is jeopardizing your reputation as a gun builder by making such a request. We, as your supplier, are laying our reputation (and yours, too!) on the line by offering you barrel blanks. They have got to be good or we are in trouble! Big trouble!! We must never sell you anything but that which will enlarge your stature with your trade. And, we feel that the Brownell Barrel, made for us by Ed Shilen, will do just that! Shilen barrels, either chrome moly or Stainless, are rifled with six lands and grooves by the "Cold Forming" process using carbide dies made in Shilen's own plant under the most rigid controls. This rifling method achieves extremely close inside uniformity from breech to muzzle. Finished barrels are air-gauge inspected (air-gauged sensitivity is .00005" - five-one-hundred-thousandths!) and 6X borescope inspected. All barrels, .22 through .30 caliber have groove tolerances within .0005" and uniformity within .0003". No straightening is done, and all barrels are completely stress-relieved. All stainless steel barrels are hand lapped at the factory. Only those barrels passing all spec tests are offered to the trade. Any barrel even slightly "suspect" is started through the production process again and bored to a large caliber. In no other way can quality and reputation be maintained. Slightly more expensive to produce - but vastly greater in quality and ultimate performance.

## Attributes

- Name: [SHILEN 270 CALIBER 1-10 TWIST #2 STAINLESS BARREL](#)
- Manufacturer: [SHILEN](#)
- Product no.: 787927102
- Mfr. No.: 270102SS
- Caliber: 270/6.8 mm (.277)
- Contour: #2
- Material: Stainless Steel
- Style: Match-Grade
- Twist: 1-10
- Delivery weight: 1.361kg
- Shipping height: 28mm
- Shipping width: 28mm
- Shipping length: 660mm

## Item details

Made in USA

US export classification: 0A501.c

# CONTOUR #2 SHILEN 270 CALIBER 110 TWIST #2 STAINLESS BARREL Safety Instruction Guide

## Introduction

Thank you for choosing the CONTOUR #2 SHILEN 270 CALIBER 110 TWIST #2 STAINLESS BARREL. This guide provides essential safety instructions to ensure the safe and effective use of your barrel. Adhering to these guidelines will help you avoid potential hazards and maintain compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always treat firearms and firearm components with respect and caution.
- Ensure that the barrel is compatible with your firearm before installation.
- Regularly inspect the barrel for any signs of wear or damage.
- Store the barrel in a safe, dry place away from unauthorized access, particularly from children.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Compatibility:** Ensure that the barrel is designed for your specific firearm model to prevent malfunctions.
- **Installation:** Only allow qualified gunsmiths to install the barrel to avoid improper fitting.
- **Inspection:** Always inspect the barrel before use. Look for cracks, corrosion, or any irregularities.
- **Cleaning:** Use appropriate cleaning materials and methods to maintain the barrel's integrity.
- **Ammunition:** Use only the recommended caliber ammunition for your barrel to prevent accidents.
- **Shooting Environment:** Ensure you are in a safe shooting environment, away from people and animals.
- **Protective Gear:** Always wear appropriate protective gear, including eye and ear protection when shooting.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Use proper tools to remove the old barrel if applicable.
- Align the new barrel with the receiver and ensure a snug fit.
- Tighten the barrel according to the manufacturer's specifications.
- Check for any movement or wobble in the barrel once installed.

### 2. Usage:

- Load the firearm only when you are ready to shoot.
- Follow the manufacturer's instructions for loading and firing.
- After firing, allow the barrel to cool before cleaning.
- Always store the firearm in a secure location after use.

## Disposal Instructions

- Dispose of the barrel in accordance with local regulations.
- Do not dispose of the barrel in regular household waste.

- Contact local authorities or waste management services for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product performance, please reach out to your supplier or manufacturer. They can provide additional information and support as needed.

By following these safety instructions, you can ensure a safe and enjoyable experience with your CONTOUR #2 SHILEN 270 CALIBER 110 TWIST #2 STAINLESS BARREL. Thank you for prioritizing safety!
