# Safety Instruction Guide for the 24" 6.5 Creedmoor M24E SS Barrel

## Introduction

Thank you for choosing the 24" 6.5 Creedmoor M24E SS Barrel from Brownells. This guide provides essential safety instructions and guidelines for the safe use and handling of your barrel. Please read this document carefully to ensure a safe and enjoyable experience.

## General Safety Guidelines

- Always treat the barrel as if it is loaded, even when you believe it is unloaded.
- Ensure that you are familiar with the operation of your firearm and the specific requirements for the Remington 700 action.
- Keep the barrel and all firearms out of reach of children and unauthorized users.
- Regularly inspect the barrel for any signs of damage or wear before use.
- Always use appropriate safety gear, including eye and ear protection, when handling firearms.
- Be aware of your surroundings and ensure a safe backdrop when firing.

## Specific Safety Precautions for Use

- Ensure that the barrel is compatible with the Remington 700 action before installation.
- Only use ammunition that is designed for the 6.5 Creedmoor cartridge.
- Verify that the twist rate (18) is suitable for the ammunition you plan to use for optimal performance.
- Be cautious of overheating the barrel during extended firing sessions, as this may affect performance and safety.
- If you notice any unusual sounds or performance issues while using the barrel, discontinue use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is completely unloaded before beginning installation.
- Remove the existing barrel from the Remington 700 action following the manufacturer's instructions.
- Clean the threads on the action to ensure a proper fit for the new barrel.
- Carefully thread the 24" 6.5 Creedmoor M24E SS Barrel onto the action, ensuring that it is aligned correctly.
- Tighten the barrel to the manufacturer's specifications, using the appropriate tools to avoid damage.

### 2. Usage:

- Load the firearm only when you are ready to shoot.
- Always point the firearm in a safe direction when loading and unloading.
- After firing, allow the barrel to cool before cleaning or inspecting.
- Follow all local laws and regulations regarding firearm usage and transportation.

## Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding firearm components.
- Do not dispose of the barrel in regular household waste.

- Contact your local waste management facility for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the 24" 6.5 Creedmoor M24E SS Barrel, please refer to the manufacturer's website or contact an authorized dealer for assistance. Always ensure that you are following the latest safety protocols and regulations.

By adhering to these guidelines, you can ensure a safe and effective experience with your new barrel. Thank you for your attention to safety.
