TRIGGER GUARD SCREW, REAR Safety Instruction Guide

Introduction

Thank you for purchasing the TRIGGER GUARD SCREW, REAR by Savage Arms. This product is designed to enhance the performance and safety of your firearm. However, proper installation and usage are crucial to ensure safety and compliance with the EU General Product Safety Regulation (GPSR). This guide provides essential safety instructions and guidelines for the safe use of this product.

General Safety Guidelines

- Always handle firearms with care and in accordance with local laws and regulations.
- Ensure that the firearm is unloaded before performing any maintenance or installation tasks.
- Store this product in a safe place, out of reach of children and unauthorized users.
- Regularly inspect the trigger guard screw for wear and damage.
- Follow all instructions provided in this guide to avoid accidents and injuries.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that you are using the TRIGGER GUARD SCREW, REAR specifically designed for the Savage Model 110.
- Use appropriate tools for installation to prevent damage to the screw and firearm.
- Avoid using excessive force when tightening the screw to prevent stripping or breaking.
- Be aware of your surroundings when handling firearms to prevent accidental discharge.
- If you experience any issues during installation or usage, cease operation and seek assistance.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather necessary tools: a screwdriver compatible with the TRIGGER GUARD SCREW.

2. Installation:

- Locate the trigger guard area on your Savage Model 110.
- Align the TRIGGER GUARD SCREW with the designated hole.
- Carefully insert the screw into the hole without crossthreading.
- Using the screwdriver, tighten the screw until secure. Do not overtighten.

3. PostInstallation Check:

- Inspect the installation to ensure that the screw is properly seated and secure.
- Test the trigger guard for stability before using the firearm.

4. Usage:

- Regularly check the screw during routine firearm maintenance.
- If you notice any looseness or damage, replace the screw immediately.

Disposal Instructions

- Dispose of any damaged or wornout screws in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste. Instead, follow guidelines for hazardous materials if applicable.
