

MAXIMA TIKKA RINGS - WARNE MFG. COMPANY 1" MEDIUM MATTE BLACK QD TIKKA RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Tikka rifles have a grooved receiver that allows for a dovetail ring to mount directly to it, negating the need for a base. Warne's Maxima Tikka rings are a solid steel, vertically split ring that handle even the most punishing recoil, or large, heavy scopes. The Tikka Quick Detach rings utilize 4 T-15 Torx style socket cap screws for secure and permanent optics mounting and also feature a redesigned recoil pin to provide a stronger bearing surface for higher recoiling rifles. Attaches to firearm's dovetail. Return to Zero Guaranteed, quickly detach and reattach the Maxima QD rings with no loss of zero. Tikka specific recoil pin for positive engagement of ring to receiver dovetail. Rings securely mount around scope using 4 Torx style T-15 socket cap screws.

Safety Instructions

Introduction

Thank you for choosing the MAXIMA TIKKA RINGS by Warne Mfg. Company. These scope rings are designed for Tikka rifles, providing a secure and reliable mounting solution for your optics. This safety instruction guide is intended to ensure the safe use and installation of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Always ensure that the product is used in accordance with the manufacturer's instructions to avoid accidents or injuries.
- **Enhanced Recalls:** Stay informed about any product recalls. If you receive a recall notice, follow the instructions provided for returning or remedying the product.
- **Online Shopping:** When purchasing online, ensure that the seller meets all safety requirements. Verify the product's authenticity and condition upon receipt.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, including children. Ensure that children do not have access to the product or its components.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Recoil Management:** Ensure that the scope rings are securely mounted to handle high recoil from Tikka rifles.
- **Inspection Before Use:** Inspect the rings for any signs of damage or wear before each use. Do not use if damaged.
- **Secure Mounting:** Always use the provided T15 Torx screws to securely attach the rings to the dovetail of the rifle.
- **Zero Return:** When detaching and reattaching the rings, ensure that the zero is maintained. Check the scope's alignment before firing.
- **Avoid Overtightening:** Do not overtighten the screws, as this may cause damage to the rings or the rifle's dovetail.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the following tools ready: T15 Torx screwdriver.
- Clean the dovetail mount on your Tikka rifle to remove any debris.

2. Installation:

- Align the Maxima Tikka rings with the dovetail of the rifle.
- Insert the T15 Torx screws into the designated holes on the rings.
- Use the T15 Torx screwdriver to tighten the screws securely. Ensure they are snug but do not overtighten.
- Install your scope into the rings, ensuring it is properly seated.
- Tighten the screws on the scope rings around the scope using the T15 Torx screwdriver.

3. Usage:

- Once installed, check the alignment of the scope. Ensure it is level and properly adjusted for your shooting needs.
- Test the quickdetach feature by removing and reattaching the rings. Confirm that the zero is maintained after reattachment.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling guidelines.
- When the product reaches the end of its life, dispose of it responsibly. Check local regulations for proper disposal methods for metal components.
