

# X-SKEL MOUNTS - WARNE MFG. COMPANY 34MM ULTRA HIGH (1.435") 0 MOA MOUNT, BLUE

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Warne Scope Mounts is excited to introduce their second generation SKEL mount, the X-SKEL. This new MSR mount offers an additional 1" of forward cantilever, and 1 piece clamp design for added strength. The rugged, lightweight design of the X-SKEL maintains our famous Return to Zero capability, and utilizes  $\frac{1}{2}$ " hex nuts for rock solid attachment. It features a skeletonized ring body and caps for reduced weight and steel threaded cap inserts for maximum durability. The X-SKEL places your optic at the IDEAL HEIGHT with a generous cantilever for proper eye relief, it will easily accommodate the longer eyepieces found on many of today's scopes. Lightweight, skeletonized aluminum body and caps to reduce overall weight without sacrificing reliability. #8 Torx style fasteners with steel threaded inserts to prevent stripping. Additional 1 Inch cantilever forward design to provide additional eye relief. Places your optic at the Ideal Height for MSR and similar platforms. 1/2" tactical nut attachment, 65 in/lb. of torque is recommended.

## Attributes

- Name: [WARNE MFG. COMPANY 34MM ULTRA HIGH \(1.435"\) 0 MOA MOUNT, BLUE](#)
- Manufacturer: [WARNE MFG. COMPANY](#)
- Product no.: 947000386

# XSKELE Mounts Safety Instruction Guide

## Introduction

Thank you for choosing the XSKELE Mounts by Warne MFG. Company. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your mount. Please read this manual carefully before installation and use.

## General Safety Guidelines

- Ensure that the mount is compatible with your scope and firearm before installation.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Inspect the mount and its components for any signs of damage or wear before each use.
- Do not exceed the recommended torque specifications during installation to prevent damage.
- Store the mount in a cool, dry place when not in use to avoid corrosion and deterioration.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Compatibility Check:** Ensure the mount is suitable for your specific scope and firearm model.
- **Installation Safety:**
  - Use appropriate tools and follow the installation instructions carefully.
  - Ensure the mount is securely attached before using the firearm.
- **Eye Relief:** Adjust the mount to achieve proper eye relief for safe and comfortable viewing.
- **Weight Limit:** Be aware of the weight limits of the mount to avoid compromising stability.
- **Child Safety:** Keep the mount and all firearm accessories out of reach of children.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a  $\frac{1}{2}$ " tactical nut attachment and a Torx driver.
- Ensure you have a clean, flat workspace.

### 2. Installation:

- Align the mount with the scope rail on your firearm.
- Insert the hex nuts through the mount and tighten them securely using the recommended torque of 65 in/lb.
- Ensure that the mount is level and properly aligned with the scope.

### 3. Adjustment:

- Adjust the cantilever to achieve the desired eye relief.
- Check that the optic is securely mounted and does not move during adjustments.

### 4. Usage:

- Before use, doublecheck that all fasteners are tight and the mount is secure.
- Regularly inspect the mount during use for any signs of loosening or damage.

## Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.

- If the mount is no longer usable, dispose of it in accordance with local electronic waste regulations.

## Contact Information for Further Support

For any inquiries regarding safety, installation, or product support, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

Remember, your safety is paramount. Always prioritize safe handling and usage practices when using your XSKEI Mounts.
