

# 1" MOUNTAIN TECH RINGS - WARNE MFG. COMPANY 1" LOW (0.775") RINGS, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

“Ounces are pounds, Pounds are pain” The credo of the backcountry hunter. When tired legs are the only mode of transportation. When the air feels thin, and feet feel heavy. When months of preparation, training and sleepless nights thinking about the upcoming hunt culminate into a single moment, placing the crosshair where it needs to be for the perfect shot. Warne Mountain Tech is the ultimate lightweight precision scope mounting system. Don’t leave your dream hunt to chance. When every ounce matters, and every shot counts, Warne Mountain Tech are the scope mounts you can depend on. Precision CNC machined from 7075/T6 aluminum for a high strength & lightweight platform Mil-Spec hardcoat anodized finish for abrasion and corrosion resistance. Rings feature stainless steel hardware for “Element Proof” protection. Mil-Spec 65 in/lb., 1/2” tactical nut attachments for securely clamping to the rail. Fits Picatinny & Weaver style mounts and are NATO-STANAG compatible.

# Safety Instruction Guide for Warne Mountain Tech Rings

## Introduction

Thank you for choosing the Warne Mountain Tech Rings. These precision scope mounting rings are designed for optimal performance and safety during your hunting adventures. This guide provides essential safety instructions and information to ensure proper use and maintenance of the product. Please read this guide carefully before installation and use.

## General Safety Guidelines

- Ensure that the rings are compatible with your scope and firearm before installation.
- Inspect the product for any visible damage or defects before use.
- Follow all local laws and regulations regarding firearm and hunting equipment.
- Do not exceed the recommended torque specifications when installing the rings.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before attaching or detaching the scope rings.
- Use protective eyewear when handling tools during installation.
- Avoid using the rings in extreme weather conditions that may affect their performance.
- Regularly check the tightness of the rings and attachments to prevent loosening during use.
- Be aware of your surroundings and ensure a safe shooting environment when using your firearm.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that your firearm is completely unloaded and pointed in a safe direction.

### 2. Installation:

- Place the scope into the rings and align it with your desired sighting position.
- Secure the rings onto the Picatinny or Weaver rail, ensuring that the mounting surface is clean and free of debris.
- Tighten the tactical nut attachments to a torque of 65 in/lb. using a torque wrench.
- Check alignment and adjust as necessary before final tightening.

### 3. Usage:

- Once installed, ensure that the scope is securely mounted and does not shift during use.
- Regularly inspect the rings and scope for any signs of wear or damage.
- After each use, clean the rings and scope to maintain optimal performance.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for metal and plastic waste.
- Do not dispose of the product in household waste; consider recycling options if available.

## Contact Information for Further Support

For any safety inquiries or product support, please refer to the manufacturer's contact details provided in the product packaging or visit the official website of Warne MFG. Company.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Warne Mountain Tech Rings. Always prioritize safety and responsibility while using hunting equipment.
