

30MM MOUNTAIN TECH RINGS - WARNE MFG. COMPANY 30MM MEDIUM (0.990") RINGS, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

"Ounces are pounds, Pounds are pain" The credo of the backcountry hunter. When tired legs are the only mode of transportation. When the air feels thin, and feet feel heavy. When months of preparation, training and sleepless nights thinking about the upcoming hunt culminate into a single moment, placing the crosshair where it needs to be for the perfect shot. Warne Mountain Tech is the ultimate lightweight precision scope mounting system. Don't leave your dream hunt to chance. When every ounce matters, and every shot counts, Warne Mountain Tech are the scope mounts you can depend on. Precision CNC machined from 7075/T6 aluminum for a high strength & lightweight platform Mil-Spec hardcoat anodized finish for abrasion and corrosion resistance. Rings feature stainless steel hardware for "Element Proof" protection. Mil-Spec 65 in/lb., 1/2" tactical nut attachments for securely clamping to the rail. Fits Picatinny & Weaver style mounts and are NATO-STANAG compatible.

Safety Instruction Guide for 30MM Mountain Tech Rings

Introduction

Thank you for choosing the 30MM Mountain Tech Rings by Warne Mfg. Company. These rings are designed to provide a lightweight and precision scope mounting solution for your hunting needs. To ensure your safety and the optimal performance of the product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure safe use of the product by following all instructions.
- Be aware of potential hazards associated with improper use.
- Regularly check for product recalls and safety updates.
- Report any unsafe conditions or accidents to the relevant authorities.
- Keep this guide for future reference.

Specific Safety Precautions for Use

- Always inspect the rings for any signs of damage or wear before installation.
- Ensure that the mounting surface is clean and free of debris.
- Do not exceed the recommended torque specifications for installation (MilSpec 65 in/lb).
- Use only the specified tools for installation to avoid damaging the rings or the rail.
- Ensure that the scope is securely mounted to prevent it from loosening during use.
- Avoid using the rings in extreme environmental conditions without proper testing.
- Keep the product out of reach of children to prevent accidents.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that you have the correct mounting base (Picatinny or Weaver style).

2. Installation Steps:

- Clean the mounting area on the rifle to remove any dirt or oil.
- Place the rings onto the mounting base, aligning them with the rail.
- Insert the stainless steel hardware into the rings, ensuring they fit snugly.
- Using a torque wrench, tighten the screws to the recommended specification of 65 in/lb.
- Doublecheck that the rings are securely fastened and that the scope is properly aligned.

3. Usage Tips:

- Regularly check the tightness of the rings and scope during use, especially after heavy use or after changing environmental conditions.
- If you notice any loosening, stop using the product and retighten the screws to the specified torque.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.

- Consider recycling materials where possible.

Contact Information for Further Support

For any safety inquiries or concerns regarding the product, please refer to the Warne Mfg. Company website or contact your local distributor for assistance.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your 30MM Mountain Tech Rings. Thank you for your attention to safety, and enjoy your hunting adventures!
