

# 34MM MOUNTAIN TECH RINGS - WARNE MFG. COMPANY 34MM MEDIUM (1.07") RINGS, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

"Ounces are pounds, Pounds are pain" The credo of the backcountry hunter. When tired legs are the only mode of transportation. When the air feels thin, and feet feel heavy. When months of preparation, training and sleepless nights thinking about the upcoming hunt culminate into a single moment, placing the crosshair where it needs to be for the perfect shot. Warne Mountain Tech is the ultimate lightweight precision scope mounting system. Don't leave your dream hunt to chance. When every ounce matters, and every shot counts, Warne Mountain Tech are the scope mounts you can depend on. Precision CNC machined from 7075/T6 aluminum for a high strength & lightweight platform Mil-Spec hardcoat anodized finish for abrasion and corrosion resistance. Rings feature stainless steel hardware for "Element Proof" protection. Mil-Spec 65 in/lb., 1/2" tactical nut attachments for securely clamping to the rail. Fits Picatinny & Weaver style mounts and are NATO-STANAG compatible.

# Safety Instruction Guide for 34MM Mountain Tech Rings

## Introduction

Thank you for choosing the 34MM Mountain Tech Rings from Warne MFG. Company. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your scope mounting system. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a scope mounting system.
- Always inspect the rings and hardware for any signs of damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about any recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always use the product in accordance with the manufacturer's instructions to avoid accidents.
- Do not exceed the specified torque settings of 65 in/lb when attaching the rings to the rail.
- Ensure that the rings are securely clamped to the rail before use to prevent the scope from shifting or falling.
- Avoid using the product in extreme environmental conditions that may affect its performance.
- Regularly check the integrity of the scope mounts and make adjustments as needed.

## Instructions for Installation and Usage

### 1. Installation:

- Gather all necessary tools, including a torque wrench.
- Position the scope rings on a compatible Picatinny or Weaver style mount.
- Align the rings to ensure proper placement for your scope.
- Securely tighten the stainless steel hardware using a torque wrench to the specified torque setting of 65 in/lb.
- Doublecheck that all screws are tightened and that the rings are firmly attached to the rail.

### 2. Usage:

- Before each use, inspect the scope and rings for any signs of damage or wear.
- Ensure that the scope is properly mounted and aligned within the rings.
- Take care to adjust the scope for optimal sighting before heading out for your hunt.
- Monitor the performance of the rings during use and make any necessary adjustments.

## Disposal Instructions

- Follow local regulations for the disposal of aluminum and metal components.
- Do not dispose of the product improperly; recycle when possible.
- If the product is damaged beyond repair, ensure it is disposed of in a safe manner to prevent harm to the environment.

## **Contact Information for Further Support**

For any inquiries related to safety or product performance, please reach out to your local retailer or the manufacturer's support team. Always ensure that you have the product details ready for assistance.

Thank you for your attention to these safety guidelines. Enjoy your hunting experience with the Warne Mountain Tech Rings, and remember to prioritize safety at all times.
