

WINCHESTER XPR LONG ACTION MOUNTAIN TECH SCOPE RAIL - WARNE MFG. COMPANY WINCHESTER XPR LA 20 MOA RAIL

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

“Ounces are pounds, Pounds are pain” The credo of the backcountry hunter. When tired legs are the only mode of transportation. When the air feels thin, and feet feel heavy. When months of preparation, training and sleepless nights thinking about the upcoming hunt culminate into a single moment, placing the crosshair where it needs to be for the perfect shot. Warne Mountain Tech is the ultimate lightweight precision scope mounting system. Don’t leave your dream hunt to chance. When every ounce matters, and every shot counts, Warne Mountain Tech are the scope mounts you can depend on. Precision CNC machined from 7075/T6 aluminum for a high strength & lightweight platform Mil-Spec hardcoat anodized finish for abrasion and corrosion resistance. Bases feature black zinc coated hardware for “Element Proof” protection. Self centering tapered T-15 Torx screws. Fits Picatinny & Weaver style mounts and are NATO-STANAG compatible.

Safety Instruction Guide for WINCHESTER XPR LONG ACTION MOUNTAIN TECH SCOPE RAIL

Introduction

Thank you for choosing the WINCHESTER XPR LONG ACTION MOUNTAIN TECH SCOPE RAIL by Warne Mfg. Company. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read the entire guide carefully before installation and use.

General Safety Guidelines

- Always ensure that the product is suitable for your specific firearm model.
- Inspect the scope rail for any damage before installation. Do not use if damaged.
- Keep the product out of reach of children and unauthorized users.
- Use the product only for its intended purpose as described in this manual.
- Store the product in a dry, cool place to prevent corrosion and damage.
- Report any incidents or unsafe conditions to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or adjusting the scope rail.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Use proper tools when installing the scope rail to avoid injury or damage.
- Avoid overtightening screws during installation, as this may damage the rail or firearm.
- Regularly check the tightness of the screws and the condition of the rail during use.
- If you experience any issues with the product, cease use immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation

- Gather necessary tools: T15 Torx screwdriver and any additional tools required for your specific firearm.
- Ensure the firearm is pointed in a safe direction and is unloaded.

2. Installation Steps

- Remove any existing scope mounts or rails from the firearm.
- Align the WINCHESTER XPR LONG ACTION MOUNTAIN TECH SCOPE RAIL with the mounting holes on your firearm.
- Insert the selfcentering tapered T15 Torx screws into the mounting holes.
- Using the T15 Torx screwdriver, tighten the screws gradually and evenly. Do not exceed the recommended torque specifications.
- Check alignment and make sure the rail is securely attached.

3. Usage

- Once installed, attach your scope according to the manufacturer's instructions.
- Before use, ensure that the scope is properly zeroed for accurate shooting.
- Regularly inspect the scope rail and screws for signs of wear or loosening.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer in use, consider recycling materials where possible.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please contact the manufacturer or your local retailer. Ensure you have the product details ready for reference.

Thank you for prioritizing safety and responsible use while enjoying your WINCHESTER XPR LONG ACTION MOUNTAIN TECH SCOPE RAIL.
