

# 40MM MOUNTAIN TECH RINGS - WARNE MFG. COMPANY 40MM LOW (1.24") RINGS, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

“Ounces are pounds, Pounds are pain” The credo of the backcountry hunter. When tired legs are the only mode of transportation. When the air feels thin, and feet feel heavy. When months of preparation, training and sleepless nights thinking about the upcoming hunt culminate into a single moment, placing the crosshair where it needs to be for the perfect shot. Warne Mountain Tech is the ultimate lightweight precision scope mounting system. Don't leave your dream hunt to chance. When every ounce matters, and every shot counts, Warne Mountain Tech are the scope mounts you can depend on. Precision CNC machined from 7075/T6 aluminum for a high strength & lightweight platform Mil-Spec hardcoat anodized finish for abrasion and corrosion resistance. Rings feature stainless steel hardware for “Element Proof” protection. Mil-Spec 65 in/lb., 1/2” tactical nut attachments for securely clamping to the rail. Fits Picatinny & Weaver style mounts and are NATO-STANAG compatible.

# Safety Instruction Guide for 40MM Mountain Tech Rings

## Introduction

Thank you for choosing the 40MM Mountain Tech Rings from Warne Mfg. Company. These precision scope mounting rings are designed to provide a lightweight and reliable solution for your hunting needs. To ensure your safety and the optimal performance of your product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure safe use of the product by following all instructions.
- Be aware of potential hazards associated with improper installation or use.
- Always inspect the product for any damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay updated on recall notices through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications during installation (MilSpec 65 in/lb).
- Ensure that the scope rings are compatible with your scope and mounting system (Picatinny & Weaver style).
- Check that all hardware is securely tightened before each use.
- Avoid using the product in extreme environmental conditions that may compromise its integrity.
- Regularly inspect the rings for wear, corrosion, or damage.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools, including a torque wrench and appropriate screwdriver.
- Ensure your firearm is unloaded and pointed in a safe direction before starting the installation.

### 2. Installation:

- Position the scope rings onto the rail of your firearm.
- Align the rings with the mounting points on your scope.
- Insert the stainless steel hardware into the rings and tighten using the tactical nut attachments.
- Use a torque wrench to tighten to the recommended specification of 65 in/lb.

### 3. Usage:

- Once installed, check the alignment of your scope before taking your first shot.
- Make adjustments as necessary to ensure accuracy.
- Regularly check the tightness of the rings during use, especially after extensive shooting sessions.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged beyond repair, ensure it is disposed of in an environmentally responsible manner.

- Recycle materials where possible, especially aluminum components.

## **Contact Information for Further Support**

For any inquiries or support regarding the 40MM Mountain Tech Rings, please reach out to your local dealer or refer to Warne Mfg. Company's official website for additional resources and assistance.

Thank you for prioritizing safety and performance with your equipment. Enjoy your hunting experience with confidence!
