

# SUPER HIGH 1.9" 30MM MSR MOUNT - WARNE MFG. COMPANY

## 30MM SUPER HIGH (1.90") 0 MOA MOUNT, BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

Warne Scope Mounts is excited to introduce their second generation SKEL mount, the X-SKEL. This new MSR mount offers an additional 1" of forward cantilever, and 1 piece clamp design for added strength. The rugged, lightweight design of the X-SKEL maintains our famous Return to Zero capability, and utilizes ½" hex nuts for rock solid attachment. It features a skeletonized ring body and caps for reduced weight and steel threaded cap inserts for maximum durability. The X-SKEL places your optic 1.9" Super High height with a generous cantilever for proper eye relief, it will easily accommodate the longer eyepieces found on many of today's scopes. Lightweight, skeletonized aluminum body and caps to reduce overall weight without sacrificing reliability. #8 Torx style fasteners with steel threaded inserts to prevent stripping. Additional 1 Inch cantilever forward design to provide additional eye relief. Places your optic 1.9" Super High height for MSR and similar platforms. 1/2" tactical nut attachment, 65 in/lb. of torque is recommended.

### Attributes

# Safety Instruction Guide for SUPER HIGH 1.9" 30MM MSR MOUNT

## Introduction

Thank you for choosing the SUPER HIGH 1.9" 30MM MSR MOUNT from Warne MFG. Company. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that the mount is compatible with your rifle and optic before installation.
- Always handle firearms and related accessories with care and in accordance with local laws and regulations.
- Regularly inspect the mount for any signs of wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the mount only as intended for attaching optics to firearms.
- Do not exceed the recommended torque of 65 in/lb when securing the mount.
- Avoid using the mount in extreme weather conditions that may compromise its integrity.
- Ensure that all fasteners are tightened properly before each use.
- If you notice any unusual movement or looseness in the mount during use, stop immediately and inspect it.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools, including a ½" hex nut driver and #8 Torx style fasteners.

### 2. Installation Steps

- Position the mount on the Picatinny rail of your firearm.
- Align the mount so that it is secure and stable.
- Use the #8 Torx style fasteners to attach the mount to the rail.
- Tighten the fasteners to the recommended torque of 65 in/lb.

### 3. Optic Attachment

- Once the mount is securely installed, attach your optic according to the manufacturer's instructions.
- Ensure that the optic is level and properly aligned with the mount.

### 4. Final Checks

- After installation, doublecheck all fasteners to ensure they are properly tightened.
- Perform a function check on your firearm to ensure everything is working correctly.

## **Disposal Instructions**

- Dispose of the product responsibly according to local regulations.
- If the product is damaged or no longer in use, consider recycling materials where applicable.
- Do not dispose of the product in household waste.

## **Contact Information for Further Support**

For any safety inquiries or support related to this product, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and enjoyable experience with your SUPER HIGH 1.9" 30MM MSR MOUNT. Thank you for your attention to safety.
