[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Easily enhance the accuracy of your Smith and Wesson M&P handgun! Wilson Combat® Match-Grade Barrels are known for their unsurpassed quality and accuracy. Now your M&P handgun can have this superb accuracy without sending your pistol off to a master pistolsmith and waiting for months. Wilson Combat® match barrels are fully machined from aircraft grade stainless steel blanks and heat-treated to R/C 40 for maximum service life. Critical manufacturing tolerances are held to less than .0005" (one half thousandth of an inch!). To give you phenomenal accuracy, extreme care has been taken to assure that the chamber is glass smooth and perfectly concentric with the bore. In their barrel test fixture they routinely obtain test groups of 1/2" @ 25 yards! Throughout the manufacturing process each barrel undergoes multiple quality-control checks, with a detailed final inspection prior to receiving the Wilson name. You can be sure that if your barrel bears the Wilson name, it's the best there is! Match-Grade - Superb Accuracy (2" Or Less At 25 Yards With Match Ammo is typical) Polished feed ramp, bore and supported chamber 1 in 16" twist conventional broach rifling Fully Machined From 416R Stainless Steel Heat-Treated To R/C 40 For Maximum Service Life Critical Manufacturing Tolerances Are Held To Less Than .0005" (One Half Thousandth Of An Inch!) Glass Smooth Chamber And Perfectly Concentric With The Bore In their Barrel Test Fixture they Routinely Obtain 1/2" At 25 Yard Groups Detailed Final Inspection Prior To Receiving The Wilson Name On The Hood Critical Lock-Up Contact Areas Cut To A Dimension That Provides A Good Lock-Up in most guns Compatible with Smith & Wesson M&P handguns in 9mm caliber NOTE: Due to variations in pistol dimensions, installation in some pistols may require very minor material removal in the hood or locking lug area which most people can easily do themselves. In some pistols your sights may require adjustment after installation.

# **MATCH GRADE BARRELS FOR S&W M&P WILSON COMBAT MATCH GRADE BARREL, 9MM**

## **Introduction**

Thank you for choosing the Wilson Combat Match Grade Barrel for your Smith & Wesson M&P handgun. This barrel is designed to enhance the accuracy and performance of your firearm. To ensure safe and effective use, please read this guide carefully and follow all safety instructions.

## **General Safety Guidelines**

- Always treat your firearm as if it is loaded.
- Store your firearm securely and out of reach of children.
- Use only ammunition that is specified for your firearm.
- Regularly inspect your firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Be aware of your surroundings and ensure a safe shooting environment.

## **Specific Safety Precautions for Use**

- Ensure that the barrel is properly installed before using your firearm.
- Do not attempt to modify or alter the barrel in any way.
- Always wear appropriate eye and ear protection while shooting.
- Avoid using the firearm in wet or humid conditions to prevent corrosion.
- If you experience any malfunctions or irregularities, stop using the firearm immediately and consult a qualified gunsmith.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the factory barrel from your Smith & Wesson M&P handgun according to the manufacturer's instructions.
- Carefully insert the Wilson Combat Match Grade Barrel into the slide, ensuring it is properly aligned.
- Reassemble your firearm following the manufacturer's guidelines.
- Check the lockup and ensure that the barrel is secure.

### **2. Usage:**

- Load your firearm with compatible 9mm ammunition.
- Aim at a safe target and ensure the area is clear.
- Practice proper shooting techniques to maximize the benefits of the matchgrade barrel.
- Regularly clean and maintain your barrel for optimal performance.

## **Disposal Instructions**

- Dispose of any unused or damaged ammunition in accordance with local regulations.
- When disposing of the barrel, ensure it is done in a safe manner, following local waste disposal guidelines for metal products.
- Do not attempt to recycle or repurpose the barrel without proper knowledge and safety precautions.

## Contact Information for Further Support

For any questions or concerns regarding the Wilson Combat Match Grade Barrel, we encourage you to reach out to the appropriate support channels.

## Important Notes

- This product is designed for use with Smith & Wesson M&P handguns in 9mm caliber only.
- Due to variations in pistol dimensions, minor material removal may be required for installation in some pistols. Most users can perform this task themselves.
- After installation, some adjustments to your sights may be necessary for optimal accuracy.

By following these guidelines, you will ensure a safe and enjoyable experience with your Wilson Combat Match Grade Barrel. Thank you for your attention to safety and responsible firearm ownership.
