1911 Slide Stop Wilson Combat .38S/9MM Slide Stop Safety Instructions

Introduction

Thank you for choosing the 1911 Slide Stop Wilson Combat .38S/9MM Slide Stop, Blue. This product is designed for use with 1911 Auto firearms and is crafted to meet high standards of quality and performance. To ensure safe and effective use, please read this safety instruction guide thoroughly.

General Safety Guidelines

- Always handle firearms with care and respect. Treat every firearm as if it is loaded.
- Ensure that you are familiar with the operation and safety features of your firearm before using this product.
- Store the slide stop and your firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the slide stop and your firearm for signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before attempting to install or replace the slide stop.
- Use appropriate safety gear, such as eye protection, when handling firearms.
- Do not attempt to modify or alter the slide stop or your firearm beyond manufacturer specifications.
- Be cautious of potential pinch points during installation and use.
- If you notice any irregularities in the operation of the slide stop, discontinue use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded. Remove any ammunition from the area.
- Gather necessary tools, including a punch tool for pin removal and installation.

2. Installation:

- Remove the old slide stop by pushing out the retaining pin using the punch tool.
- Carefully slide out the old slide stop from the firearm.
- Insert the new 1911 Slide Stop into the designated slot.
- Align the hole in the slide stop with the retaining pin hole in the frame.
- Insert the retaining pin back into place to secure the slide stop.

3. Usage:

- After installation, test the slide stop by cycling the action of the firearm to ensure proper engagement.
- Confirm that the slide locks open after the last round and that it releases correctly when the magazine is replaced.

4. Maintenance:

- Regularly clean and lubricate the slide stop as part of routine firearm maintenance.

- Inspect the slide stop for wear and tear periodically, especially after extensive use.

Disposal Instructions

- Dispose of the slide stop in accordance with local regulations regarding metal waste.
- If the product is damaged or no longer usable, ensure that it is kept out of reach of children and disposed of responsibly.

Contact Information for Further Support

For any questions or concerns regarding the 1911 Slide Stop Wilson Combat .38S/9MM Slide Stop, please refer to the manufacturer's website or contact their customer support for further assistance.

Thank you for prioritizing safety and compliance. Enjoy your shooting experience responsibly!
