

SMITH & WESSON MODEL 41 RECOIL CALIBRATION PACK - WOLFF

S&W MODEL 41 RECOIL CALIBRATION PACK

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Adjusts Recoil Force to Your Preference

Wolff's Recoil Calibration Spring Pack for the Smith & Wesson Model 41 gives you a selection of springs to adjust recoil when you don't know the exact weight of the spring that's currently in the gun. Each Wolff Recoil Calibration Spring Pack comes with 6, 6.5, and 7 lb. recoil springs plus three extra-power firing pin springs. These springs are meant for drop-in installation and require no additional trimming or fitting. Get your Smith & Wesson Model 41 cycling the way you want it, reliably, with Wolff's handy Recoil Calibration Pack AND save money and time over buying each spring individually.

SMITH & WESSON MODEL 41 RECOIL CALIBRATION PACK Safety Instruction Guide

Introduction

Thank you for choosing the Wolff Recoil Calibration Spring Pack for your Smith & Wesson Model 41. This guide provides important safety instructions and guidelines to ensure the safe and effective use of the recoil calibration pack. Please read this document carefully before installation and use.

General Safety Guidelines

- Always handle firearms with care and follow all safety protocols.
- Ensure that the firearm is unloaded before attempting to install or replace any springs.
- Keep the recoil calibration pack out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure that you are in a safe environment when using your firearm.
- Regularly inspect the recoil springs for wear and tear, and replace them if necessary.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use only the springs provided in the Wolff Recoil Calibration Spring Pack with the Smith & Wesson Model 41.
- Do not attempt to modify or alter the springs in any way.
- Ensure that all components are compatible with your specific model of firearm.
- Always wear protective eyewear when handling or firing your firearm.
- Be cautious of recoil and ensure that you have a proper stance when firing.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather all necessary tools for installation, if required.

2. Installation:

- Remove the existing recoil spring from the firearm according to the manufacturer's instructions.
- Select the desired recoil spring from the Wolff Recoil Calibration Spring Pack (6 lbs, 6.5 lbs, or 7 lbs).
- Install the new recoil spring into the firearm following the manufacturer's guidelines for your Smith & Wesson Model 41.
- Replace any other components as necessary and ensure everything is securely in place.

3. Testing:

- After installation, conduct a function test in a safe and controlled environment.
- Monitor the firearm's performance and ensure that it cycles properly with the new recoil spring.

4. Maintenance:

- Regularly check the recoil springs for signs of wear or damage.
- Replace springs as needed to maintain optimal performance.

Disposal Instructions

- Dispose of any old or damaged recoil springs in accordance with local regulations.
- Do not discard springs in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Wolff Recoil Calibration Spring Pack or its installation, please refer to the contact details provided with your product purchase or consult the relevant authorities for assistance.

Thank you for following these safety instructions. Your safety and the proper functioning of your Smith & Wesson Model 41 are our top priorities.
