

# Duramax Self Healing Targets - Duramax 5" Target Ball

[Shooting Accessories](#) > [Targets & Accessories](#) > [Other Targets](#)

The Caldwell® Duramax Self Healing Targets are made of ballistic polymer for maximum durability. The targets are self-healing and can be shot thousands of times. The Duramax self healing targets are rated for pistols or rifles from .22lr all the way up to 50 BMG. These reactive targets bring a whole new level of fun to the range. Watch them bounce, roll spin and flip when hit.

# Caldwell Duramax Self Healing Targets Safety Instructions

## Introduction

Thank you for choosing the Caldwell® Duramax Self Healing Targets. These targets are designed for durability and enjoyment during shooting practice. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always treat all firearms as if they are loaded.
- Ensure that you are in a safe shooting environment, away from people and property.
- Use appropriate eye and ear protection while shooting.
- Follow all local laws and regulations regarding the use of firearms and shooting targets.
- Inspect the target for damage before each use.
- Do not shoot at targets that are cracked, broken, or otherwise compromised.
- Keep the area around the shooting range clean and free of debris.

## Specific Safety Precautions for Use

- The Caldwell Duramax Self Healing Targets are rated for use with pistols and rifles from .22lr up to 50 BMG.
- Always ensure that the target is securely positioned before shooting.
- Do not shoot at the target from distances closer than the manufacturer's recommendations.
- Avoid using the targets in extreme weather conditions, such as heavy rain or strong winds.
- Ensure that bystanders maintain a safe distance from the shooting area.
- Do not shoot at the targets if they are frozen or have ice on them, as this may affect their performance and safety.

## Instructions for Installation and Usage

- Select a suitable location for your target, ensuring it is stable and secure.
- Position the target at a safe distance according to your shooting skill and firearm type.
- If using a stand or mounting system, ensure it is properly assembled and stable.
- Before shooting, doublecheck that the target is secure and that the area is clear of people and obstacles.
- After shooting, inspect the target for any signs of wear or damage. Replace the target if necessary.

## Disposal Instructions

- When the Caldwell Duramax Self Healing Targets reach the end of their usable life, dispose of them in accordance with local regulations.
- Do not burn or incinerate the targets, as they are made of ballistic polymer which may release harmful substances when burned.
- Check with local waste management for guidance on the proper disposal of plastic materials.

## Contact Information for Further Support

For any questions or concerns regarding the Caldwell Duramax Self Healing Targets, please consult the product packaging for contact details of the manufacturer or visit their official website.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the Caldwell Duramax Self Healing Targets!
