

# Max Force Carbon Fiber Cleaning Rod - Max Force Carbon Fiber Cleaning Rod, 22 cal

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

Tired of bending or breaking your small diameter cleaning rods? The answer is here: Tipton's® MAX Force™ Cleaning Rod. Tipton has created a cleaning rod with a patent pending sliding handle. Now you can put the force you need right next to the bottle neck section you need it applied to. The sliding handle still allows the rod to rotate freely even while clamped down.

## Safety Instructions

### Introduction

Thank you for choosing the Tipton Max Force Carbon Fiber Cleaning Rod. This guide provides essential safety instructions to ensure the safe use of your cleaning rod. Please read and follow these guidelines carefully to maximize your experience and minimize any potential risks.

### General Safety Guidelines

- Ensure that the cleaning rod is used only for its intended purpose, which is to clean firearms.
- Always handle firearms with care and follow proper firearm safety protocols.
- Keep the cleaning rod out of reach of children and vulnerable individuals.
- Inspect the cleaning rod regularly for any signs of wear or damage. Do not use if damaged.
- Use the cleaning rod in a well-ventilated area to avoid inhaling any cleaning solvents or chemicals.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

### Specific Safety Precautions for Use

- Before using the cleaning rod, ensure that the firearm is unloaded and pointed in a safe direction.
- Use the sliding handle feature carefully to avoid pinching fingers or causing injury.
- Do not apply excessive force when cleaning, as this may damage the cleaning rod or the firearm.
- Avoid using the cleaning rod with incompatible cleaning solvents that may damage the rod or the firearm.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when cleaning firearms.

### Instructions for Installation and Usage

#### 1. Preparation:

- Ensure your firearm is unloaded and in a safe position.
- Gather all necessary cleaning supplies, including cleaning solvents, patches, and the Tipton Max Force Cleaning Rod.

#### 2. Using the Cleaning Rod:

- Attach the appropriate cleaning brush or patch holder to the end of the cleaning rod.
- Insert the cleaning rod into the barrel of the firearm from the chamber end, if applicable.
- Utilize the sliding handle feature to apply force as needed while keeping the rod aligned with the barrel.
- Rotate the rod gently while pushing or pulling to effectively clean the barrel.
- After use, clean the rod according to the maintenance guidelines provided by the manufacturer.

#### 3. PostUsage:

- Inspect the cleaning rod for any damage or wear after each use.
- Store the cleaning rod in a safe, dry place away from children and unauthorized users.

### Disposal Instructions

- Dispose of any cleaning solvents and materials in accordance with local regulations.
- If the cleaning rod is damaged beyond repair, dispose of it responsibly as per your local waste disposal

guidelines.

- Recycle any components of the cleaning rod that are recyclable, following local recycling rules.

## **Contact Information for Further Support**

For any inquiries regarding the safety and use of the Tipton Max Force Carbon Fiber Cleaning Rod, please refer to the contact information provided on the packaging or visit the manufacturer's website for further assistance.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Tipton Max Force Carbon Fiber Cleaning Rod. Thank you for your commitment to safety and responsible firearm maintenance.
