

Ultra Jag - Ultra Jag 17 Caliber

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

Take a modern bore solvent and squirt it on a brass cleaning jag. The liquid will turn blue as it drips off the jag – it is working so fast, it starts to dissolve your cleaning jag in front of your eyes! If you are following conventional wisdom “clean until you get a clear patch” you might be in for a long night. Tipton®’s Ultra Jag™ features a patent-pending technology that covers the surface of a traditional push-type jag with solvent-proof material, keeping aggressive modern bore solvents from creating false blue stains that normally indicate copper fouling. When you use Ultra Jags, you will get better, faster cleaning results because you will know you are getting blue stains from copper fouling and not from the surface of your jag.

Tipton Ultra Jag Safety Instruction Guide

Introduction

Thank you for choosing the Tipton Ultra Jag for your cleaning needs. This guide provides important safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the Ultra Jag to understand potential hazards and how to avoid them.

General Safety Guidelines

- **Product Safety:** Always use the Ultra Jag according to the instructions provided. This ensures safe use and minimizes risks associated with cleaning solvents.
- **Enhanced Recalls:** Stay informed about any recall notices regarding the Ultra Jag. If a recall occurs, follow the instructions provided for safe return or remedy.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** Keep the Ultra Jag out of reach of children. It is not intended for use by individuals under the age of 18.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Check the EU Safety Gate platform for updates on any safety issues related to the Ultra Jag.

Specific Safety Precautions for Use

- **Handling Solvents:**
 - Use modern bore solvents in a wellventilated area to avoid inhalation of fumes.
 - Wear appropriate protective gear, such as gloves and safety goggles, to prevent skin and eye contact with solvents.
- **Avoiding Hazards:**
 - Do not use the Ultra Jag with solvents not designed for firearm cleaning.
 - Ensure the firearm is unloaded before using the Ultra Jag.
 - Do not leave the solvent on the Ultra Jag for extended periods as it may cause degradation.
- **Storage:**
 - Store the Ultra Jag in a dry place away from direct sunlight and extreme temperatures.
 - Keep out of reach of children and pets.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the Ultra Jag and your chosen bore solvent.

2. Application:

- Take a modern bore solvent and apply it to the brass cleaning jag.
- Observe the solvent as it drips off the jag. If the liquid turns blue, it indicates the solvent is working effectively.

3. Cleaning Process:

- Insert the Ultra Jag into the bore of the firearm.
- Use a cleaning rod to push the Ultra Jag through the barrel. Repeat as necessary until you achieve desired cleanliness.
- Monitor for blue stains on the cleaning patch to confirm copper fouling.

4. PostCleaning:

- After cleaning, ensure that all solvents are thoroughly removed from the firearm.
- Store the Ultra Jag and any remaining solvents in a safe location.

Disposal Instructions

- Dispose of used cleaning patches and any leftover solvents according to local regulations.
- Do not dispose of solvents in the household waste. Use designated hazardous waste disposal facilities.

Contact Information for Further Support

For any questions or concerns regarding the Tipton Ultra Jag, please refer to the contact information provided by your retailer or manufacturer. They can assist you with safety inquiries and product support.

By following these safety guidelines and instructions, you can ensure a safe and effective cleaning experience with the Tipton Ultra Jag. Thank you for your attention to safety!
