

# Ultra Jag - Ultra Jag 22 Caliber

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

Take a modern bore solvent and squirt it on a brass cleaning jag. The liquid will turn blue as it drips off the jag – it is working so fast, it starts to dissolve your cleaning jag in front of your eyes! If you are following conventional wisdom “clean until you get a clear patch” you might be in for a long night. Tipton®’s Ultra Jag™ features a patent-pending technology that covers the surface of a traditional push-type jag with solvent-proof material, keeping aggressive modern bore solvents from creating false blue stains that normally indicate copper fouling. When you use Ultra Jags, you will get better, faster cleaning results because you will know you are getting blue stains from copper fouling and not from the surface of your jag.

# Tipton Ultra Jag Safety Instruction Guide

## Introduction

Thank you for choosing the Tipton Ultra Jag for your cleaning needs. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the Ultra Jag.

## General Safety Guidelines

- Ensure safe use of the Ultra Jag by following these guidelines:
  - Always handle the cleaning jag with care.
  - Keep the product out of reach of children and vulnerable individuals.
  - Use the product only for its intended purpose, which is cleaning firearms.
  - Be aware of the cleaning solvents you are using; ensure they are suitable for use with the Ultra Jag.
  - If you experience any adverse reactions while using the product, stop using it immediately and seek assistance.

## Specific Safety Precautions for Use

- To avoid potential hazards, please observe the following precautions:
  - **Chemical Safety:** Use only modern bore solvents that are compatible with brass. Avoid using solvents that are not recommended, as they may damage the jag.
  - **Personal Protection:** Wear appropriate protective gear, such as gloves and safety goggles, when using solvents to prevent skin and eye irritation.
  - **Ventilation:** Use the product in a wellventilated area to minimize inhalation of fumes from cleaning solvents.
  - **Storage:** Store the Ultra Jag and any cleaning solvents in a cool, dry place, away from direct sunlight and heat sources.
  - **Inspection:** Regularly inspect the Ultra Jag for any signs of wear or damage. Do not use if the jag is damaged.

## Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the Ultra Jag:
  1. **Preparation:** Ensure your firearm is unloaded and in a safe condition before cleaning.
  2. **Application of Solvent:**
    - Take a modern bore solvent and squirt it onto the brass cleaning jag.
    - Observe the solvent as it drips off the jag; it should turn blue, indicating the cleaning process is working.
  3. **Cleaning Process:**
    - Insert the Ultra Jag into the bore of the firearm.
    - Push the jag through the barrel using a cleaning rod, ensuring it moves smoothly.
    - Repeat the process as necessary until you observe blue stains indicating copper fouling.
  4. **PostCleaning:** After cleaning, remove the jag and clean it according to the manufacturer's instructions.

## Disposal Instructions

- Dispose of the Ultra Jag responsibly:
  - Follow local regulations for the disposal of cleaning solvents and materials.
  - Do not dispose of the Ultra Jag in regular household waste if it is damaged or contaminated.
  - Contact your local waste management facility for guidance on proper disposal methods.

## **Contact Information for Further Support**

- For any questions or concerns regarding the Tipton Ultra Jag, please refer to the manufacturer's contact information available on the product packaging or website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective cleaning experience with the Tipton Ultra Jag. Always prioritize safety and proper usage to enjoy the full benefits of your cleaning equipment. Thank you for your attention to these important guidelines.
