

# Best Bore Brush, 3 pk - Best Bore Brush 17 Caliber, 3 pk

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

We believe that the Tipton® Best Bore Brushes are the finest brushes ever offered. They meet or exceed military specifications and are designed to satisfy the shooter who wants the best tools to maintain his or her guns. The core is a single piece of brass wire that passes through the threaded brass coupler, guaranteeing that the core will never separate from the coupler in the barrel. Each brush contains the maximum number of bristles that can be inserted for the caliber. 20% more than standard brushes! Because of their density we recommend that Tipton® Best Bore Brushes only be used with a quality one-piece rod and an appropriate bore guide.

# Tipton Best Bore Brush Safety Instructions

## Introduction

Thank you for choosing the Tipton Best Bore Brush, 3 pk, designed specifically for 17 caliber firearms. We believe that these brushes are the finest available, meeting or exceeding military specifications. This guide provides essential safety instructions to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for use.
- Inspect the bore brush for any damage before each use. Do not use if damaged.
- Keep the bore brush out of reach of children and vulnerable individuals.
- Report any unsafe product conditions to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with a quality onepiece rod and an appropriate bore guide to avoid damage.
- Do not use excessive force when cleaning; this can damage both the brush and the firearm.
- Avoid using the bore brush on firearms that are not appropriately secured or that are loaded.
- Always wear safety glasses when cleaning firearms to protect against potential debris.
- Ensure that the area is wellventilated while cleaning to avoid inhalation of any cleaning solvents.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and in a safe condition before beginning any cleaning.
- Gather necessary materials: Tipton Best Bore Brush, cleaning rod, bore guide, and any cleaning solvents.

### 2. Installation:

- Attach the bore brush to the cleaning rod.
- Ensure that the connection is secure to prevent detachment during use.

### 3. Usage:

- Insert the bore guide into the firearm's chamber to protect the bore.
- Carefully insert the bore brush into the barrel, ensuring it is aligned correctly.
- Push the brush through the barrel with a smooth, steady motion. Do not force it.
- Withdraw the brush and repeat as necessary, depending on the level of fouling.
- After cleaning, remove the bore guide and clean the exterior of the firearm as needed.

### 4. PostUsage:

- Clean the bore brush after use with a suitable solvent to remove any residue.
- Store the bore brush in a dry place, away from direct sunlight and humidity.

## Disposal Instructions

- Dispose of any damaged or worn bore brushes according to local regulations.

- Do not dispose of the bore brush in a manner that could cause harm to the environment or wildlife.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the Tipton Best Bore Brush, please refer to the manufacturer's contact information provided on the packaging or product documentation.

Thank you for prioritizing safety while using the Tipton Best Bore Brush. Your attention to these guidelines helps ensure a safe and effective cleaning process for your firearms.
