

# Best Bore Brush, 3 pk - Best Bore Brush 20 Caliber, 3 pk

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

We believe that the Tipton® Best Bore Brushes are the finest brushes ever offered. They meet or exceed military specifications and are designed to satisfy the shooter who wants the best tools to maintain his or her guns. The core is a single piece of brass wire that passes through the threaded brass coupler, guaranteeing that the core will never separate from the coupler in the barrel. Each brush contains the maximum number of bristles that can be inserted for the caliber. 20% more than standard brushes! Because of their density we recommend that Tipton® Best Bore Brushes only be used with a quality one-piece rod and an appropriate bore guide.

# Tipton Best Bore Brush Safety Instruction Guide

## Introduction

Thank you for choosing the Tipton Best Bore Brush. This guide provides essential safety instructions to ensure the safe and effective use of the product. The Tipton Best Bore Brushes are designed to help you maintain your firearms with the highest quality tools available. Please read this guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always use the Tipton Best Bore Brush in accordance with the manufacturer's instructions.
- Ensure that the bore brush is compatible with your firearm's caliber.
- Do not use the bore brush on firearms that are loaded or have ammunition present.
- Keep the bore brush and all cleaning supplies out of reach of children and pets.
- Inspect the bore brush for any signs of wear or damage before each use. Do not use a damaged brush.
- Use protective eyewear when cleaning firearms to avoid any potential injury from debris or cleaning agents.
- If you experience any allergic reactions to cleaning solvents or materials, discontinue use immediately and seek medical advice.

## Specific Safety Precautions for Use

- Use the bore brush with a quality onepiece cleaning rod and an appropriate bore guide to ensure safety and effectiveness.
- Avoid excessive force when using the bore brush to prevent damage to the firearm's bore.
- Always clean your firearm in a wellventilated area to minimize exposure to harmful fumes from cleaning solvents.
- Do not leave the bore brush unattended while in use.
- Store the bore brush in a cool, dry place when not in use to prolong its lifespan.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and in a safe condition before starting any cleaning process.
- Gather all necessary cleaning supplies, including the Tipton Best Bore Brush, cleaning rod, bore guide, and any cleaning solvents you plan to use.

### 2. Installation:

- Attach the bore brush to the cleaning rod by threading it securely into the coupler.
- Insert the cleaning rod with the attached bore brush into the bore guide to ensure proper alignment.

### 3. Usage:

- Gently insert the bore brush into the barrel from the breech end (the rear of the barrel).
- Push the bore brush through the barrel in a smooth motion, allowing the bristles to clean the bore effectively.
- Pull the bore brush back out of the barrel, ensuring that you do not pull it back through the muzzle end to avoid damaging the brush or the firearm.
- Repeat the process as necessary, depending on the level of fouling in the barrel.
- After cleaning, remove the bore brush and clean the rod and bore guide with a suitable solvent.

#### 4. PostCleaning:

- Inspect the bore for cleanliness and ensure there are no leftover bristles or debris.
- Store the bore brush and cleaning tools in a designated area to keep them organized and safe.

## Disposal Instructions

- Dispose of any wornout or damaged bore brushes in accordance with local waste disposal regulations.
- Do not dispose of cleaning solvents or chemicals down the drain. Follow local regulations for hazardous waste disposal.

## Contact Information for Further Support

For any questions or concerns regarding the Tipton Best Bore Brush, please refer to the manufacturer's website or contact their customer service for assistance. Always ensure you have the most up-to-date safety information and product guidance.

By following these guidelines, you can ensure the safe and effective use of the Tipton Best Bore Brush while maintaining your firearms. Thank you for prioritizing safety and quality in your firearm maintenance practices.
