

Best Bore Brush, 3 pk - Best Bore Brush 50 BMG Caliber, 3 pk

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

We believe that the Tipton® Best Bore Brushes are the finest brushes ever offered. They meet or exceed military specifications and are designed to satisfy the shooter who wants the best tools to maintain his or her guns. The core is a single piece of brass wire that passes through the threaded brass coupler, guaranteeing that the core will never separate from the coupler in the barrel. Each brush contains the maximum number of bristles that can be inserted for the caliber. 20% more than standard brushes! Because of their density we recommend that Tipton® Best Bore Brushes only be used with a quality one-piece rod and an appropriate bore guide.

Tipton Best Bore Brush Safety Instructions

Introduction

Thank you for choosing the Tipton® Best Bore Brush. We believe this product is one of the finest tools available for maintaining your firearms. To ensure safe and effective use, please read and follow this safety instruction guide carefully.

General Safety Guidelines

- Always use the Tipton Best Bore Brush in accordance with the manufacturer's instructions.
- Ensure that the bore brush is compatible with your firearm's caliber before use.
- Keep the bore brush out of reach of children and vulnerable individuals.
- Regularly inspect the bore brush for any signs of wear or damage before each use.
- If the bore brush becomes damaged, discontinue use immediately and replace it.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use only with a quality onepiece rod and an appropriate bore guide to avoid damage to your firearm.
- Avoid using excessive force when cleaning to prevent damage to the bore or brush.
- Do not use the bore brush on firearms that are loaded; always ensure your firearm is unloaded before cleaning.
- Wear safety goggles and gloves if necessary to protect your eyes and hands during cleaning.
- Store the bore brush in a safe, dry place when not in use to prevent damage and maintain hygiene.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary tools, including the Tipton Best Bore Brush, a onepiece cleaning rod, and a bore guide.

2. Installation:

- Attach the bore brush to the cleaning rod by screwing it into the threaded coupler securely.
- Ensure that the connection is tight to prevent separation during use.

3. Usage:

- Insert the bore guide into the firearm's chamber to align the cleaning rod properly.
- Gently push the bore brush into the barrel, using smooth and even strokes.
- Pull the brush back out, then repeat the process as necessary to achieve the desired cleanliness.
- After cleaning, make sure to remove the bore brush from the cleaning rod and clean the brush itself if needed.

4. PostUsage:

- Inspect the bore brush for any wear or damage after use.
- Store the bore brush in a safe and dry location.

Disposal Instructions

- Dispose of the bore brush responsibly. If it is damaged or no longer usable, follow local waste disposal regulations.
- Do not throw the bore brush into regular household waste if it contains hazardous materials.

Contact Information for Further Support

For safety inquiries or more information about the Tipton Best Bore Brush, please refer to the manufacturer's contact details provided with your product.

Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Tipton Best Bore Brush. Thank you for prioritizing safety while maintaining your firearms.
