

Solid Brass Slotted Tip - Solid Brass Slotted Tip 30 - 35 Caliber

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Loops](#)

For flooding the barrel with solvent or wiping the bore with oil or preservatives, nothing beats a patch in a Slotted Tip. Tipton® offers an assortment of four caliber range specific Rifle/Pistol tips for your convenience, or they can be purchased separately. Solid brass is softer than barrel steel so there is no worry of damaging your bore, plus they will last much longer than the typical synthetic plastic tips. Rifle/Pistol Tips are threaded 8-32 and the Shotgun Tip 5/16"-27.

Tipton Solid Brass Slotted Tip Safety Instruction Guide

Introduction

Thank you for choosing the Tipton Solid Brass Slotted Tip for your cleaning needs. This guide provides important safety instructions and guidelines to ensure safe and effective use of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that you are using the product in a safe and controlled environment.
- Always keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use to ensure it is in good condition.
- If you experience any issues or have concerns about the product, discontinue use immediately.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when using the cleaning rod and slotted tip.
- Avoid using excessive force when inserting or removing the slotted tip from the cleaning rod.
- Do not use the slotted tip with solvents or oils that are not recommended for firearm cleaning.
- Ensure that the firearm is unloaded and pointed in a safe direction before using the slotted tip.
- Do not leave the slotted tip unattended while in use.
- Be aware of the potential for chemical exposure when using solvents and oils. Follow the manufacturer's guidelines for safe handling.

Instructions for Installation and Usage

1. Installation of Slotted Tip:

- Ensure the cleaning rod is clean and free of debris.
- Align the slotted tip with the threaded end of the cleaning rod.
- Gently screw the slotted tip onto the cleaning rod, turning clockwise until secure. Do not overtighten.

2. Using the Slotted Tip:

- Select the appropriate patch size for the caliber you are cleaning (32 Caliber or 30 Caliber).
- Insert the cleaning patch into the slotted tip.
- Apply the cleaning solvent or oil to the patch as recommended.
- Insert the slotted tip into the bore of the firearm gently.
- Pull the cleaning rod back and forth to clean the bore, ensuring to cover the entire length.
- After use, remove the slotted tip and clean it according to the manufacturer's instructions.

3. PostUsage Care:

- Clean the slotted tip and cleaning rod with a suitable solvent to remove any residue.
- Store the slotted tip in a dry place, away from direct sunlight.

Disposal Instructions

- Dispose of the product according to local regulations for hazardous waste if damaged or no longer usable.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's website or customer service contact. Ensure to have your product details ready for a more efficient response.

By following these guidelines, you can ensure a safe and effective cleaning experience with your Tipton Solid Brass Slotted Tip. Thank you for your attention to these important safety instructions.
