

# Solid Brass Slotted Tip - Solid Brass Slotted Tip 45+ Caliber

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Loops](#)

For flooding the barrel with solvent or wiping the bore with oil or preservatives, nothing beats a patch in a Slotted Tip. Tipton® offers an assortment of four caliber range specific Rifle/Pistol tips for your convenience, or they can be purchased separately. Solid brass is softer than barrel steel so there is no worry of damaging your bore, plus they will last much longer than the typical synthetic plastic tips. Rifle/Pistol Tips are threaded 8-32 and the Shotgun Tip 5/16"-27.

# Tipton Solid Brass Slotted Tip Safety Instruction Guide

## Introduction

Thank you for choosing the Tipton Solid Brass Slotted Tip for your firearm cleaning needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual carefully before using the Slotted Tip.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure the firearm is unloaded before cleaning or maintenance.
- Store the product in a safe place, out of reach of children.
- Inspect the Slotted Tip before each use for signs of wear or damage.
- Do not use the Slotted Tip for purposes other than intended cleaning of firearms.
- Be aware of your surroundings and ensure you are in a safe location while using the product.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Risk of injury if the firearm is not properly unloaded.
  - Risk of damage to the bore if improper techniques are used.
- **Avoiding Hazards:**
  - Always doublecheck that the firearm is unloaded by visually and physically inspecting the chamber.
  - Use the Slotted Tip gently to avoid damaging the bore. Solid brass is softer than barrel steel, but excessive force can still cause harm.
  - Do not apply solvents or oils directly to the Slotted Tip; instead, apply them to the cleaning patch.

## Instructions for Installation and Usage

### 1. Installation:

- Thread the Slotted Tip onto the cleaning rod by turning it clockwise until secure.
- Ensure the connection is tight to prevent the tip from detaching during use.

### 2. Usage:

- Prepare a cleaning patch by cutting it to a suitable size for your bore.
- Insert the cleaning patch into the Slotted Tip.
- Apply solvent or oil to the patch as needed.
- Carefully insert the Slotted Tip into the bore, moving it back and forth gently to clean.
- After cleaning, remove the Slotted Tip and patch from the bore.

## Disposal Instructions

- Dispose of used cleaning patches and any waste materials in accordance with local regulations.
- Do not dispose of the Slotted Tip in regular household waste if it is damaged. Check local regulations for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Tipton Solid Brass Slotted Tip, please refer to the manufacturer's website or customer service for assistance. Always ensure you have the latest information regarding product recalls or safety updates.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Tipton Solid Brass Slotted Tip. Thank you for prioritizing safety and proper firearm maintenance.
