

Snap Caps - Snap Cap Shotgun 20 Gauge 2 Pack

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Cartridge Dummies](#)

It is generally accepted that one should not drop the firing pin on an empty chamber, which is the primary reason to have Snap Caps for your favorite guns. You should always use Snap Caps when checking or adjusting the trigger pull. If you prefer to release the tension on the hammer springs, when storing your guns, Snap Caps are ideal.

Tipton Snap Caps Safety Instruction Guide

Introduction

Thank you for choosing the Tipton Snap Caps Snap Cap Shotgun 20 Gauge 2 Pack. These snap caps are designed to help you safely practice with your shotgun, ensuring that you can check and adjust your trigger pull without the risk of damaging your firing pin. This guide provides essential safety instructions and recommendations to ensure your safe and effective use of this product.

General Safety Guidelines

- Always handle firearms with care, treating every firearm as if it is loaded.
- Use snap caps exclusively in the intended manner as outlined in this guide.
- Keep snap caps out of the reach of children and unauthorized users.
- Inspect snap caps regularly for any signs of wear or damage before use.
- Always follow the manufacturer's instructions for your specific firearm.

Specific Safety Precautions for Use

- Do not drop the firing pin on an empty chamber; always use snap caps to prevent damage to your firearm.
- When checking or adjusting the trigger pull, ensure that snap caps are used to avoid accidental discharge.
- If you choose to release the tension on the hammer springs during storage, utilize snap caps to safely decock your firearm.
- Never use snap caps as live ammunition; they are not designed for actual shooting.
- Store snap caps in a safe, dry place away from direct sunlight and moisture.

Instructions for Installation and Usage

1. Loading the Snap Caps:

- Ensure your firearm is completely unloaded and pointed in a safe direction.
- Open the action of your shotgun.
- Insert the snap caps into the chamber as you would with standard ammunition.
- Close the action of your shotgun.

2. Practicing with Snap Caps:

- Follow standard firearm safety practices while handling your shotgun.
- Use snap caps to practice trigger control, ensuring that you do not load live ammunition simultaneously.
- After practice, remove the snap caps from the chamber and store them safely.

3. Checking Trigger Pull:

- With the snap caps loaded, pull the trigger to assess the pull weight.
- Make any adjustments necessary, ensuring that you are using snap caps to avoid damage.

4. Decocking the Firearm:

- If you need to release the tension on the hammer springs, load the snap caps into the chamber.
- Follow your firearm's decocking procedure, ensuring that the snap caps are used to prevent damage.

Disposal Instructions

- Dispose of damaged or worn snap caps in accordance with local waste disposal regulations.
- Do not throw snap caps in regular household trash if they are still functional; consider recycling if possible.

Contact Information for Further Support

For any safety inquiries or further support regarding the Tipton Snap Caps, please refer to the contact details provided on the packaging or the manufacturer's website.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure a safe and enjoyable experience with your Tipton Snap Caps. Always prioritize safety when handling firearms and related accessories.
