# Wheeler Ultra Armorer's Kit Safety Instructions

## Introduction

Thank you for choosing the Wheeler Ultra Armorer's Kit. This comprehensive tool kit is designed for the maintenance and assembly of AR15 firearms. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use of the products included in the kit.

## General Safety Guidelines

- Always read and understand all instructions before using the products.
- Use the kit only for its intended purpose, which is the maintenance and assembly of AR15 firearms.
- Keep the kit and its components out of reach of children and unauthorized users.
- Inspect all tools before use to ensure they are in good working condition.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using tools.
- Never use damaged or worn tools; replace them immediately.
- Do not modify any tools or components of the kit.
- Store the kit in a secure location when not in use.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded and the chamber is clear before beginning any maintenance or assembly work.
- Use the AR15 Armorer's Vise on a stable work surface to prevent accidents.
- When using the Torque Bench, follow the torque specifications provided for each component to avoid overtightening.
- Always use the appropriate tool for the task to prevent injury and ensure proper function.
- Be cautious when handling small parts, such as roll pins, to avoid losing them or causing injury.
- When using the Bore Brush or Cleaning Tools, ensure that the firearm is pointed in a safe direction.
- Dispose of any cleaning materials and brushes according to local regulations.

## Instructions for Installation and Usage

### 1. Preparing the Work Area

- Choose a clean, well-lit workspace with sufficient room to maneuver.
- Gather all necessary tools and components from the Wheeler Ultra Armorer's Kit.

### 2. Using the AR15 Armorer's Vise

- Securely clamp the firearm in the vise, ensuring it is stable and will not move during maintenance.
- Adjust the vise as necessary to access different parts of the firearm.

### 3. Using the Torque Bench

- Refer to your firearm's manufacturer specifications for correct torque settings.
- Attach the appropriate tool to the Torque Bench and tighten components gradually to the specified torque.

### 4. Installing Roll Pins

- Use the Roll Pin Install Tool Kit to carefully insert roll pins into their designated locations.
- Ensure that the pins are aligned properly to avoid bending or breaking them.

## **5. Cleaning the Firearm**

- Use the Bore Brush and Cleaning Tools to clean the barrel and other parts of the firearm.
- Follow the instructions for each cleaning tool to ensure thorough cleaning without damaging the firearm.

## **6. Final Assembly**

- After maintenance, ensure all components are securely installed and functioning correctly.
- Perform a final safety check of the firearm before use.

## **Disposal Instructions**

- Dispose of any cleaning materials, brushes, and tools that are no longer in use according to local waste disposal regulations.
- Do not dispose of any tools in a manner that may pose a hazard to the environment or public safety.

## **Contact Information for Further Support**

For any questions or concerns regarding the Wheeler Ultra Armorer's Kit, please contact the manufacturer directly. Ensure you have the product name and any relevant information available when seeking support.

By following these safety instructions, you can ensure a safe and effective experience with the Wheeler Ultra Armorer's Kit. Always prioritize safety and proper procedures when handling firearms and tools.
