

Delta Series 300 Blackout Bore Guide

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

The AR-15 300 AAC Blackout Bore Guide works on any 30 caliber AR-15. The nozzle extends inside the chamber to prevent solvent from leaking into the action. A solvent port is conveniently located to the rear of the guide which extends out of the upper making it easily accessible during cleaning. Made of precision CNC machined aluminum with a durable anodized finish.

Wheeler Delta Series 300 Blackout Bore Guide

Safety Instructions

Introduction

Thank you for choosing the Wheeler Delta Series 300 Blackout Bore Guide. This product is designed to facilitate the safe and effective cleaning of your AR15 with a 300 AAC Blackout chamber. This guide provides important safety instructions, usage guidelines, and information to ensure your experience is safe and effective.

General Safety Guidelines

- Always ensure the firearm is unloaded before using the bore guide.
- Use the bore guide only for its intended purpose as described in this manual.
- Keep the bore guide and all cleaning supplies out of reach of children and vulnerable individuals.
- Inspect the bore guide before each use for any signs of damage or wear.
- Do not use the bore guide if it is damaged or malfunctioning.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

Specific Safety Precautions for Use

- Ensure you are in a wellventilated area when using solvents and cleaning agents.
- Avoid contact with skin and eyes when handling solvents; use gloves and goggles if necessary.
- Do not use flammable solvents near open flames or heat sources.
- When inserting or removing the bore guide, do so gently to avoid damaging the firearm's chamber.
- Always store the bore guide in a secure location when not in use.

Instructions for Installation and Usage

1. Preparation

- Ensure your AR15 is unloaded. Check the magazine and chamber multiple times to confirm.
- Gather all necessary cleaning supplies, including solvents and cleaning rods.

2. Installation

- Align the bore guide with the chamber of your AR15.
- Gently insert the nozzle of the bore guide into the chamber until it is fully seated.
- Ensure the solvent port is accessible from the rear of the upper receiver.

3. Usage

- Connect your cleaning rod to the solvent port.
- Apply solvent through the port as per the solvent manufacturer's instructions.
- Allow the solvent to penetrate for the recommended time before proceeding with cleaning.
- Use appropriate cleaning brushes and patches to clean the bore, following the solvent manufacturer's guidelines.

4. PostCleaning

- After cleaning, remove the bore guide from the chamber.
- Clean and store the bore guide properly after each use to maintain its condition.
- Dispose of any used cleaning materials in accordance with local regulations.

Disposal Instructions

- Dispose of the bore guide responsibly. If it becomes damaged beyond repair, contact local waste management authorities for proper disposal methods.
- Dispose of any cleaning solvents and materials according to local regulations to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the use and safety of the Wheeler Delta Series 300 Blackout Bore Guide, please refer to the manufacturer's website or the retailer from whom you purchased the product.

By following these guidelines, you can ensure safe and effective use of the Wheeler Delta Series 300 Blackout Bore Guide. Thank you for your attention to safety and responsible firearm maintenance.
