

# Professional Gunsmithing Screwdriver Set, 43 pc

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Screwdrivers & Sets](#) > [Magna-Tip Sets](#)

Screwdrivers are the most important and most used gunsmithing tools.

Wheeler's Deluxe Gunsmithing Screwdriver Sets belong on every gunsmithing bench. The well thought-out bit selection will put an end to burred, buggered and busted up screw slots on any gun. Unlike other screwdriver suppliers, Wheeler's engineers measured the screws on over one hundred modern and antique firearms to make sure that we offered bits for every situation.

Whether you are working on a Browning® Superposed, a Remington® 700, a Smith & Wesson® revolver or a Colt® single action, you will find that there is a bit to fit every screw on your gun. The 89 piece set includes 15 ingenious "specialty bits". These bits are great for installing scope bases, getting you out of a pinch by providing a small pin punch when you really need it and keeping once-in-a-while lifesaver tools at your fingertips.

# Wheeler Professional Gunsmithing Screwdriver Set Safety Instructions

## Introduction

Thank you for choosing the Wheeler Professional Gunsmithing Screwdriver Set. This comprehensive guide provides essential safety instructions and usage guidelines to ensure the safe and effective use of your screwdriver set. Please read this manual carefully before using the product to avoid accidents and injuries.

## General Safety Guidelines

- Always use the screwdriver set as intended and in accordance with the instructions provided in this manual.
- Keep the screwdriver set out of reach of children and vulnerable individuals.
- Regularly inspect the screwdriver bits for signs of wear or damage. Replace any damaged bits immediately to avoid accidents.
- Avoid using excessive force when using the screwdrivers, as this may lead to slips or breakage.
- Ensure your work area is clean and welllit to prevent accidents.
- Do not use the screwdriver set for tasks other than those specified in this manual.

## Specific Safety Precautions for Use

- When working with firearms, always adhere to the basic rules of firearm safety:
  - Treat all firearms as if they are loaded.
  - Keep your finger off the trigger until ready to shoot.
  - Always point the firearm in a safe direction.
- Use the appropriate screwdriver bit for the specific screw type to avoid damaging the screw or the bit.
- Wear safety goggles to protect your eyes from debris while working.
- Avoid wearing loose clothing or jewelry that may get caught in moving parts.
- If you feel fatigued or distracted, take a break before continuing work.

## Instructions for Installation and Usage

### 1. Selecting the Right Bit:

- Choose the appropriate screwdriver bit from the set based on the type of screw you are working with.
- Ensure that the bit fits snugly into the screw head to prevent slipping.

### 2. Using the Screwdriver:

- Hold the screwdriver firmly with one hand while applying pressure to turn the screw.
- Use your other hand to stabilize the workpiece if necessary.
- Turn the screwdriver slowly and steadily to avoid stripping the screw.

### 3. Installing Specialty Bits:

- For specialty bits, refer to the specific instructions provided in the set for their intended use.
- Ensure that the bit is securely attached to the screwdriver before use.

### 4. Maintenance:

- Clean the screwdriver bits after use to remove dirt and debris.

- Store the screwdriver set in a dry place to prevent rust and corrosion.

## **Disposal Instructions**

- Dispose of any damaged or wornout bits responsibly. Do not throw them in regular household waste.
- Check local regulations for proper disposal methods of metal tools and equipment.
- Consider recycling options for the screwdriver set and its components where available.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for following these safety instructions. Your attention to safety ensures a better experience with your Wheeler Professional Gunsmithing Screwdriver Set.
