# Wheeler Armorer's Handgun Sight Tool Safety Instructions

## Introduction

Thank you for choosing the Wheeler Armorer's Handgun Sight Tool. This tool is designed for adjusting, installing, or removing dovetail style front and rear handgun sights. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always read and understand the instructions before using the tool.
- Keep the tool out of reach of children and unauthorized users.
- Inspect the tool for any signs of damage or wear before each use.
- Use the tool only for its intended purpose as described in this manual.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using the tool.
- Do not use the tool in wet or damp conditions to prevent slipping or electrical hazards.
- Ensure that your work area is clean and welllit to avoid accidents.
- If you experience any discomfort or pain while using the tool, stop immediately and consult a professional.

## Specific Safety Precautions for Use

- Ensure that the handgun is unloaded and pointed in a safe direction before using the tool.
- Avoid placing your hands or fingers near moving parts of the tool during operation.
- Use the tool with steady pressure; do not apply excessive force, which may damage the tool or the handgun sights.
- Store the tool in a safe place when not in use, preferably in its original packaging or a dedicated tool case.
- Do not modify the tool in any way, as this may compromise its safety and effectiveness.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the handgun is unloaded and safe to work with.
- Gather all necessary tools and materials before starting.

### 2. Adjusting Handgun Sights

- Place the handgun securely in a stable position.
- Align the Wheeler Armorer's Handgun Sight Tool with the sight to be adjusted.
- Apply gentle pressure to adjust the sight as needed. Make sure to follow the manufacturer's specifications for sight alignment.

### 3. Installing Handgun Sights

- Position the new sight in the dovetail slot.
- Use the Wheeler Armorer's Handgun Sight Tool to gently tap the sight into place.
- Ensure that the sight is properly aligned before securing it fully.

### 4. Removing Handgun Sights

- Position the Wheeler Armorer's Handgun Sight Tool over the sight to be removed.
- Apply gentle pressure to push the sight out of the dovetail slot.
- Be cautious and avoid damaging the handgun during this process.

## **Disposal Instructions**

- Dispose of the tool in accordance with local regulations.
- If the tool is damaged beyond repair, consider recycling the materials where possible.
- Do not dispose of the tool in regular household waste.

## **Contact Information for Further Support**

For safety inquiries or additional support regarding the Wheeler Armorer's Handgun Sight Tool, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety instructions. Your safety is our priority, and following these guidelines will help ensure a positive experience with your Wheeler Armorer's Handgun Sight Tool.
