Wheeler Action Wrench #2 Safety Instruction Guide

Introduction

Thank you for choosing the Wheeler Action Wrench #2 for your Remington 700. This heavyduty tool is designed to assist you in the safe and effective removal and installation of barrels. Please read this safety instruction guide carefully to ensure proper use and to minimize risks associated with the product.

General Safety Guidelines

- Ensure that you are familiar with the product and its intended use before operating the wrench.
- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, when using the wrench.
- Keep the work area clean and welllit to avoid accidents.
- Store the wrench in a dry place, away from children and unauthorized users.
- Regularly inspect the wrench for any signs of wear or damage before use.
- Do not use the wrench for any purpose other than its intended use.

Specific Safety Precautions for Use

- Use the wrench only on the Remington 700 action; using it on other models may cause damage or injury.
- Ensure that the receiver ring is properly supported and surrounded by the wrench before applying force.
- Do not exceed the recommended torque specifications for the barrel installation or removal to prevent damage.
- Avoid using excessive force; if the barrel does not budge, reassess the situation rather than forcing the wrench.
- Be cautious of sharp edges and moving parts when using the wrench.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and ensure you have a clear workspace.
- Verify that the Remington 700 is unloaded and safe to work on.

2. Using the Wrench

- Position the action wrench around the receiver ring of the Remington 700.
- Ensure that the wrench is securely in place before proceeding.
- Using the steel handle, apply steady and controlled pressure to loosen or tighten the barrel.
- If the barrel is stubborn, consider using penetrating oil or consulting a professional rather than applying excessive force.

3. PostUse Care

- Once the work is complete, clean the wrench to remove any debris or residues.
- Store the wrench in its designated place to prevent damage and ensure longevity.

Disposal Instructions

- When the Wheeler Action Wrench #2 reaches the end of its life cycle, dispose of it in accordance with local regulations for metal products.

- Do not dispose of the wrench in regular household waste; check with local authorities for recycling options.

Contact Information for Further Support

For safety inquiries or additional support regarding the Wheeler Action Wrench #2, please refer to the manufacturer's contact details provided with your purchase.

Important Note: This safety instruction guide complies with the EU General Product Safety Regulation (GPSR). Always stay informed about product recalls and safety updates through the EU's Safety Gate platform. If you encounter any unsafe products or accidents, report them to the appropriate authorities.
