

Lead Sled DFT 2

[Shooting Accessories](#) > [Shooting Rests](#) > [Rifle Rests](#)

The Lead Sled® DFT™ 2 (Dual Frame Technology) provides shooters with the industry's best recoil reduction system and the versatility to fit virtually any shotgun or rifle, all built around a precision shooting platform. A key feature of the DFT 2 is the ability to slide the front cradle back and forth along the Dual Frame for optimal length adjustment. The DFT 2 has up to 2.5 inches of elevation adjustment with an oversized wheel on smooth ball bearings for easy adjustments!

Caldwell Lead Sled DFT 2 Safety Instructions

Introduction

Thank you for choosing the Caldwell Lead Sled DFT 2. This product is designed to enhance your shooting experience by providing excellent recoil reduction and versatility for various firearms. To ensure your safety and the safety of others while using this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always handle firearms with care and follow all safety rules associated with their use.
- Ensure that the Caldwell Lead Sled DFT 2 is used in a safe environment, free from obstacles and distractions.
- Store the Lead Sled DFT 2 in a dry place when not in use.
- Regularly inspect the product for any signs of wear or damage before each use.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the front cradle is securely adjusted before placing your firearm on the Lead Sled DFT 2.
- Do not exceed the recommended weight limit of the Lead Sled DFT 2 to avoid instability.
- Always use the Lead Sled DFT 2 on a stable and level surface to prevent tipping.
- Avoid placing your hands or any body part in the path of the firearm's recoil.
- Make sure that the area around you is clear of people and animals before firing.
- Use appropriate eye and ear protection while shooting.
- Only use the Lead Sled DFT 2 with compatible firearms as specified by the manufacturer.

Instructions for Installation and Usage

1. Setting Up the Lead Sled DFT 2:

- Remove the Lead Sled DFT 2 from its packaging.
- Place the Lead Sled DFT 2 on a stable, level surface.
- Adjust the front cradle by sliding it back and forth along the Dual Frame for optimal length adjustment.

2. Adjusting Elevation:

- Use the oversized wheel to adjust the elevation up to 2.5 inches.
- Ensure that the wheel moves smoothly; if it does not, check for obstructions or debris.

3. Placing Your Firearm:

- Carefully place your shotgun or rifle into the front cradle.
- Ensure the firearm is stable and secure before proceeding.

4. Shooting:

- Follow all general safety guidelines and specific precautions.
- Maintain a proper shooting stance and ensure your body is clear of the recoil path.

5. After Use:

- Remove the firearm from the Lead Sled DFT 2 and store it safely.
- Clean the Lead Sled DFT 2 as needed and store it in a dry location.

Disposal Instructions

- Dispose of the Caldwell Lead Sled DFT 2 in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for specific disposal guidelines related to shooting accessories.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Caldwell Lead Sled DFT 2, please refer to the manufacturer's website or contact your local dealer.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the Caldwell Lead Sled DFT 2 while prioritizing safety at all times.
