

# AR-15 Mag Charger

[Shooting Accessories](#) > [Speedloaders & Accessories](#) > [Magazine Speedloaders](#)

Simply put, the Caldwell AR Mag Charger™ revolutionizes the way ammo is handled and loaded into AR-15 magazines. It is designed to accept 50 loaded rounds directly from any common 50 round ammo manufacturer box or from aftermarket 50 round plastic storage boxes. Simply align bullet tips and dump a box of ammo into the Mag Charger™. The ammo is automatically aligned without touching a single round. Once filled with ammo, insert any AR magazine into the Mag Charger just as you would into a rifle. Then actuate the plunger back and forth loading 5 rounds per stroke as the spring loaded ammo carrier automatically advances aligning the next five rounds until magazine is fully loaded. The entire process of filling the Mag Charger with ammo and loading all 50 rounds into two magazines takes less than 15 seconds! An Ammo Transfer Tray is included to invert ammo that is positioned in boxes with the bullet tips oriented down or to stage bulk ammo for dumping into Mag Charger. Highly durable Polycarbonate construction, compatible with .223, 5.56 and .204 ammo.

# Caldwell AR15 Mag Charger Safety Instruction Guide

## Introduction

Thank you for choosing the Caldwell AR15 Mag Charger. This product is designed to streamline the process of loading ammunition into AR15 magazines. To ensure your safety and the proper functioning of the Mag Charger, please read this guide carefully before use. This guide complies with the EU General Product Safety Regulation (GPSR) and provides essential safety information and instructions.

## General Safety Guidelines

- Ensure that the Caldwell AR15 Mag Charger is used in accordance with the manufacturer's instructions.
- Keep the Mag Charger out of reach of children and vulnerable individuals.
- Always treat ammunition and firearms with respect and caution.
- Inspect the Mag Charger for any damage or wear before use. Do not use if damaged.
- Store the Mag Charger in a cool, dry place when not in use.
- Report any unsafe product experiences or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before attempting to load magazines with the Mag Charger.
- Use only compatible ammunition (.223, 5.56, and .204) with the Mag Charger.
- Avoid overfilling the Mag Charger beyond its capacity of 50 rounds.
- Do not attempt to modify or alter the Mag Charger in any way.
- Use the Mag Charger in a safe environment, away from distractions and hazards.
- Follow all local laws and regulations regarding the use of firearms and ammunition.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the Mag Charger is clean and free from obstructions.
- Gather your ammunition and the Ammo Transfer Tray if needed.

### 2. Loading the Mag Charger:

- Align the bullet tips of the ammunition and dump a box of ammo into the Mag Charger.
- The ammunition will automatically align without touching a single round.
- Fill the Mag Charger with up to 50 rounds.

### 3. Loading the Magazine:

- Insert any AR magazine into the Mag Charger as you would into a rifle.
- Actuate the plunger back and forth. The Mag Charger will load 5 rounds per stroke.
- The springloaded ammo carrier will automatically advance, aligning the next five rounds until the magazine is fully loaded.

### 4. Completion:

- Once the magazine is loaded, carefully remove it from the Mag Charger.
- Ensure that any remaining ammunition is stored safely.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the Mag Charger is no longer usable, check with local authorities for proper disposal methods.
- Do not dispose of the Mag Charger in regular household waste if it is damaged or poses a safety risk.

## **Contact Information for Further Support**

For any safety inquiries or further information regarding the Caldwell AR15 Mag Charger, please refer to the manufacturer's website or customer support resources.

By following these guidelines and instructions, you can ensure a safe and efficient experience with the Caldwell AR15 Mag Charger. Thank you for your attention to safety, and enjoy using your new product responsibly.
