

Brass Trap

[Shooting Accessories](#)

Do not like sifting through the grass looking for brass at the range? Look no more with the Caldwell® Brass Trap. It is specifically designed to catch the brass in most shooting environments with any gun. The Brass Trap quickly assembles to be set on a bench and catch all of your rifle brass, or it can be mounted on a tripod to catch all of your pistol brass.

Caldwell Brass Trap Safety Instruction Guide

Introduction

Thank you for choosing the Caldwell Brass Trap. This product is designed to enhance your shooting experience by efficiently collecting spent brass casings. To ensure your safety and the safe use of the Caldwell Brass Trap, please read and follow the guidelines outlined in this instruction guide.

General Safety Guidelines

- Always use the Caldwell Brass Trap in accordance with the manufacturer's instructions.
- Ensure that the Brass Trap is set up in a safe shooting environment away from bystanders.
- Regularly inspect the Brass Trap for any signs of wear or damage before each use.
- Do not attempt to modify or alter the Brass Trap in any way.
- Keep the Brass Trap out of reach of children and pets when not in use.
- Report any unsafe conditions or accidents involving the Brass Trap to the appropriate authorities.

Specific Safety Precautions for Use

- Use the Brass Trap only with firearms that are in good working condition.
- Always wear appropriate eye and ear protection when shooting.
- Ensure the area is clear of people and animals before shooting.
- Do not retrieve brass from the trap while firearms are in use.
- Be cautious of hot brass casings as they may cause burns.

Instructions for Installation and Usage

Installation

1. Assembling the Brass Trap:

- Unpack all components from the box.
- Follow the assembly instructions provided in the package to set up the Brass Trap on a stable surface, such as a shooting bench.
- If using a tripod, ensure it is securely mounted and stable before use.

2. Positioning the Brass Trap:

- Place the Brass Trap at an appropriate distance from the shooting position to catch ejected brass casings.
- Ensure it is positioned in a manner that does not obstruct the shooting area.

Usage

1. Using the Brass Trap:

- Once set up, proceed to use your firearm as normal.
- The Brass Trap is designed to catch brass casings ejected during shooting.
- After shooting, check the Brass Trap for collected brass and remove it carefully.

2. Cleaning and Maintenance:

- Regularly clean the Brass Trap to ensure optimal performance.
- Remove any debris or brass casings after each use.

- Inspect for any damage or wear and replace parts as necessary.

Disposal Instructions

- When the Brass Trap reaches the end of its life cycle or is no longer usable, dispose of it in accordance with local regulations.
- Recycle materials where possible, following local recycling guidelines for metal and plastic.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the contact information provided with your product packaging or visit the Caldwell website.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Caldwell Brass Trap. Thank you for your attention to safety, and happy shooting!
