

Crossfire II 3-9x50 V-Brite Illuminated

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

High performance meets economical. Clear, tough, and bright, our popular Crossfire II line is built to exceed the performance standards of similarly priced riflescopes. Long eye relief, a fast-focus eyepiece, fully multi-coated lenses, and resettable MOA turrets are hallmarks of the series.

VORTEX OPTICS Crossfire II 39x50 VBrite Illuminated Safety Instructions

Introduction

Thank you for choosing the VORTEX OPTICS Crossfire II 39x50 VBrite Illuminated riflescope. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this manual carefully before using the riflescope.

General Safety Guidelines

- Ensure the riflescope is used in accordance with the manufacturer's instructions to prevent accidents and injuries.
- Always handle the riflescope with care to avoid damage.
- Keep the riflescope out of reach of children and vulnerable individuals.
- Use the riflescope only for its intended purpose: as a sighting device for firearms.
- Regularly inspect the riflescope for any signs of damage or wear.
- If the riflescope is damaged, discontinue use and seek professional assistance.

Specific Safety Precautions for Use

- Do not look directly at the sun through the riflescope, as this can cause serious eye damage.
- Ensure that the riflescope is securely mounted to the firearm before use.
- Always be aware of your surroundings and ensure that the area is clear of people and animals before firing.
- Use proper eye protection when using the riflescope.
- Avoid using the riflescope in extreme weather conditions that may affect visibility or performance.
- Follow all local laws and regulations regarding the use of rifles and scopes.

Instructions for Installation and Usage

Installation Instructions

1. Mounting the Riflescope:

- Select a suitable mounting base for your firearm.
- Align the riflescope with the mounting base, ensuring it is level and secure.
- Tighten the mounting screws according to the manufacturer's specifications.

2. Adjusting the Eyepiece:

- Adjust the eyepiece to achieve a clear sight picture.
- Rotate the eyepiece until the reticle is sharp and in focus.

3. Setting the Parallax:

- Set the parallax adjustment to the appropriate distance (100 yards) for optimal accuracy.

Usage Instructions

1. Adjusting Magnification:

- Rotate the magnification ring to adjust the zoom level from 3x to 9x as needed.

2. **Focusing the Reticle:**

- Use the fastfocus eyepiece to ensure the reticle is clear and sharp.

3. **Using the Turrets:**

- Use the resettable MOA turrets to make precise adjustments to windage and elevation.
- Ensure that the turrets are set to zero after adjustments for future reference.

4. **Field of View:**

- Be aware of the field of view, which ranges from 32 feet at 3x magnification to 12.9 feet at 9x magnification.

Disposal Instructions

- Dispose of the riflescope in accordance with local waste management regulations.
- Do not dispose of the product in regular household waste.
- If the riflescope is damaged beyond repair, consult local guidelines for electronic waste disposal.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please contact the manufacturer or authorized dealer where the product was purchased.
